Eventually, many of them actually said "yes" - the program turned out to be so great that we doubled our attendees from the year before. One approach is asking the interviewer about the salary range, but to avoid the question entirely, you can respond that money isn't a key factor and you're goal is to advance in your career. However, if you have a minimum figure in mind and you believe you're able to get it, you may find it worth trying.
