Computer Applications Programming Supervisor Job Interview Preparation Guide.

Question # 1

What can you offer us that someone else can not?

Answer:-

Bad Answer: Going negative - if the candidate starts trash talking other candidates, it's a sure sign of a bad attitude. Also, if they can't provide a solid answer, it may show that they lack thorough knowledge of the skills the job requires, and an understanding of where they fit in.

Good answer: The candidate can name specific skills, abilities or understandings they have that apply directly to the job that other candidates are unlikely to have, or are in short supply.

What did you dislike about your old job?

Answer:-

Try to avoid any pin point , like never say "I did not like my manager or I did not like environment or I did not like team" Never use negative terminology. Try to keep focus on every thing was good As Computer Applications Programming Supervisor , I just wanted to make change for proper growth.

[Read More Answers.](#)

Question # 22

Tell me about a time when you successfully handled a situation?

Answer:-

For this question, the interviewer wants to know what you do in a situation that doesn't have a clear answer. This will help the interviewer know how you respond to unforeseen challenges.

[Read More Answers.](#)

Question # 23

Why should we give you this job As Computer Applications Programming Supervisor when someone else is equally qualified?

Answer:-

Describe how you're unique, but make sure you tie it to the job responsibilities and how you would impact the company. For example, "I believe my unique programming skills and experience in developing over 18 best selling iphone apps will help the company develop high quality applications faster than my competitors"

[Read More Answers.](#)

Question # 24

What differentiates this company from other competitors?

Answer:-

Be positive and nice about their competitors but also discuss how they are better than them and why they are the best choice for the customer. For example: "Company XYZ has a good product, but I truly believe your company has a 3-5 year vision for your customer that aligns to their business needs."

[Read More Answers.](#)

Question # 25

What is your ideal working environment?

Answer:-

Describe your ideal working environment. Do you like flexibility with work hours? Do you like working in a cubicle or independently? Do you like to be micro managed or empowered? Do you like to work on your own or in a team? Do you like being driven by metrics in your role? How much responsibility do you want?

[Read More Answers.](#)

Question # 26

Have you ever been fired and if yes, why?

Answer:-

Answer this as positively as possible and try to avoid disparaging the company you had previously worked for. The key is to accept the fact that yes, you were fired, but you've learned from the mistakes that got you there and you're better now because of it. If you haven't been fired, well, then this question's a piece of cake isn't it?

[Read More Answers.](#)

Question # 27

Describe your vision of your perfect dream job?

Answer:-

Ideally, the role you're applying for either is that dream job or will help you get to it. If it's going to help you get there, describe the elements of that job role that you are passionate about so that it ties to the vision of what your dream job is. Be honest and talk about the type of work environment, management team / leadership, coworkers, culture, vision and products/services you'd like your dream job to entail.

[Read More Answers.](#)

Question # 28

What are you passionate about?

Answer:-

Ask yourself - what are your core passions that you wake up excited to act on each and every day? Ask yourself what makes you happy or drives you - is it helping others? Is it making money? Is it creating something? Is it about changing the world? Etc.

[Read More Answers.](#)

Question # 29

How important is the vision of the company to you?

Answer:-

It should be very important if you want a long standing career. Remember, you're investing your time, energy and earnings potential into a company so you want to make sure it's a sustainably successful company that will grow with you over the long haul.

[Read More Answers.](#)

Question # 30

Why did you choose your major in college or tech school?

Answer:-

People usually choose their major based on their passions or the career path they want to head towards.

[Read More Answers.](#)

Question # 31

What other companies are you interviewing at?

Answer:-

Be open and share if you are indeed interviewing elsewhere, but do it in a humble way. This way you don't seem arrogant and the interviewer knows your skills are valued by other companies. This also tends to make them want you more as they know they are competing for your services.

[Read More Answers.](#)

Question # 32

What did you major in and why?

Answer:-

Tell them your major and the motivations behind why you chose it and how it's helped to prep you for this potential job.

[Read More Answers.](#)

Question # 33

How long do you envision yourself staying with this company?

Answer:-

Understand that companies invest a lot of money into hiring the right staff. You want to emphasize that you are in it for the long run and you want to develop a career there and that it's not just a "5 month stepping stone" type of a job. You should be thinking how you're going to grow with that company. After all, don't you want to invest your energy and time with a company that is going to continue to be successful and one that will help you grow?

[Read More Answers.](#)

Question # 34

If selected for this position As Computer Applications Programming Supervisor, can you describe your strategy for the first 90 days?

Answer:-

This depends on the job role. Make sure you break it down into

[Read More Answers.](#)

Question # 35

How would you estimate the weight of the Chrysler building?

Answer:-

This is a process guesstimate where the interviewer wants to know if you know what to ask. First, you would find out the dimensions of the building (height, weight, depth). This will allow you to determine the volume of the building. Does it taper at the top? (Yes.) Then, you need to estimate the composition of the Chrysler building. Is it mostly steel? Concrete? How much would those components weigh per square inch? Remember the extra step: find out whether you're considering the building totally empty or with office furniture, people, etc. If you're including the contents, you might have to add 20 percent or so to the building's weight.

[Read More Answers.](#)

Question # 36

If you have seven white socks and nine black socks in a drawer, how many socks do you have to pull out blindly in order to ensure that you have a matching pair?

Answer:-

if the first one is one color (say, white), and the second one is the other color (black), then the third one, no matter what the color, will make a matching pair. (Sometimes you're not supposed to think that hard.)

[Read More Answers.](#)

Question # 37

Describe a time when you've been overwhelmed with work?

Answer:-

Show how you were able to overcome the "overwhelmed" feeling - by delegating tasks, getting people on your team to help you out, or by prioritizing your work and focusing on the most important issues first As Computer Applications Programming Supervisor.

[Read More Answers.](#)

Question # 38

What can you tell me about team work as part of the job As Computer Applications Programming Supervisor?

Answer:-

There is usually a team of staff nurses working in cooperation with each other. A team of nurses has to get along well and coordinate their actions, usually by dividing their responsibilities into sectors or specific activities. They help each other perform tasks requiring more than one person.

[Read More Answers.](#)

Question # 39

What's a time you disagreed with a decision that was made at work?

Answer:-

[Computer Applications Programming Supervisor Interview Questions And Answers](#)

Everyone disagrees with the boss from time to time, but in asking this interview question As Computer Applications Programming Supervisor, hiring managers want to know that you can do so in a productive, professional way. "You don't want to tell the story about the time when you disagreed but your boss was being a jerk and you just gave in to keep the peace. And you don't want to tell the one where you realized you were wrong,". Tell the one where your actions made a positive difference on the outcome of the situation, whether it was a work-related outcome or a more effective and productive working relationship.

[Read More Answers.](#)

Question # 40

Why are you the best fit for this job As Computer Applications Programming Supervisor?

Answer:-

Analyze the job responsibilities and match those to your skills sets. Then discuss how your experience and skills sets can truly create the best impact to the company in that specific job role. Impact could mean marketing impressions, sales, cutting costs, making products more efficiently, creating better customer service, engineering new designs that create customer excitement, etc.

[Read More Answers.](#)

Question # 41

Describe to me a time where you had to make a hard decision As Computer Applications Programming Supervisor?

Answer:-

Hard decisions are hard for a reason. It could dramatically effect the company. It could affect other workers. So if you have a story about how you made a hard decision and had a good outcome, share that. If you have one where the outcome wasn't great, explain how you would have changed the way you approached the decision to show you learned how to improve.

[Read More Answers.](#)

Question # 42

Why do you feel you will excel at this job?

Answer:-

This question presents an excellent opportunity for you to discuss your education, qualifications and personal traits. You might say something like "I studied property management as well as behavior during my college years and I have two years' experience in real estate.

I can gauge the homes or apartments in which clients will be interested based solely upon the needs of their families. Finally, my organizational skills will allow me to schedule appointments or showings confidently and arrive for them punctually." This shows your interviewer that you have all of the skills necessary to become successful not only for yourself, but also for your employer.

[Read More Answers.](#)

Question # 43

What is your perception of taking on risk?

Answer:-

Your answer depends on the type of company you're interviewing for. If it's a start up, you need to be much more open to taking on risk. If it's a more established company, calculated risks to increase / improve the business or minimal risks would typically be more in line.

[Read More Answers.](#)

Question # 44

How do you handle conflicts with people you supervise?

Answer:-

At first place, you try to avoid conflicts if you can. But once it happens and there's no way to avoid it, you try to understand the point of view of the other person and find the solution good for everyone. But you always keep the authority of your position.

[Read More Answers.](#)

Question # 45

Tell me about the last time you had to work with someone inside or outside of your department to accomplish a goal?

Answer:-

Show that you were communicative with that person and that you were able to collaborate effectively in sharing ideas and work tasks. They want to see that you can be a team player.

[Read More Answers.](#)

Question # 46

What type of work environment do you prefer?

Answer:-

Ideally one that's similar to the environment of the company you're applying to. Be specific.

[Read More Answers.](#)

Question # 47

How do you think I rate as an interviewer?

Answer:-

I think you did fine. I'm sure you've conducted a lot of interviews, and it's probably second nature for you now. Thanks for taking the time to meet with me today. I'm sure you have a lot of things you have to juggle every day.

[Computer Applications Programming Supervisor Interview Questions And Answers](#)

I'd say you rate at least ten out of ten. The questions you asked seemed spot on. I can tell you guys are working hard to find the perfect applicant for the job. I'm glad I could meet with you.

[Read More Answers.](#)

Question # 48

What are three positive things your last boss would say about you?

Answer:-

It's time to pull out your old performance appraisals and boss's quotes. This is a great way to brag about yourself through someone else's words: "My boss has told me that I am the best designer he has ever had. He knows he can rely on me, and he likes my sense of humor."

[Read More Answers.](#)

Question # 49

What is your greatest weakness As Computer Applications Programming Supervisor? What are you doing to improve it?

Answer:-

I believe my biggest weakness As Computer Applications Programming Supervisor is wanting to help anyone I can help. What I mean is I am willing to take on task that are not my job. I want to learn all I can. However, that has helped me get promoted or even asked to help in times of need in other department. I have been know as the "go to person" when help is needed.

[Read More Answers.](#)

Question # 50

What is your desired salary As Computer Applications Programming Supervisor?

Answer:-

Bad Answer: Candidates who are unable to answer the question, or give an answer that is far above market. Shows that they have not done research on the market rate, or have unreasonable expectations.

Good answer: A number or range that falls within the market rate and matches their level of mastery of skills required to do the job.

[Read More Answers.](#)

Question # 51

Are you planning to continue your studies and training As Computer Applications Programming Supervisor?

Answer:-

If asked about plans for continued education, companies typically look for applicants to tie independent goals with the aims of the employer. Interviewers consistently want to see motivation to learn and improve. Continuing education shows such desires, especially when potentials display interests in academia potentially benefiting the company.

Answering in terms of "I plan on continuing my studies in the technology field," when offered a question from a technology firm makes sense. Tailor answers about continued studies specific to desired job fields. Show interest in the industry and a desire to work long-term in said industry. Keep answers short and to the point, avoiding diatribes causing candidates to appear insincere.

[Read More Answers.](#)

Question # 52

How do you evaluate your ability to handle conflict?

Answer:-

I pride myself on being a good problem solver. Through my previous job and management positions I have faced numerous conflicts in different situations, and my experiences have helped me to hone my issue resolution skills. I believe that it is important to get to and address the root of the issue, in a respectable manner.

[Read More Answers.](#)

Question # 53

Do you have any questions for me?

Answer:-

Good interview questions to ask interviewers at the end of the job interview include questions on the company growth or expansion, questions on personal development and training and questions on company values, staff retention and company achievements.

[Read More Answers.](#)

Question # 54

What does quality work mean to you?

Answer:-

Quality work to be is about doing work to the require or set standard, which is very important when it comes to warehouse operations.

[Read More Answers.](#)

Question # 55

If you had to choose one, would you consider yourself a big-picture person or a detail-oriented person?

Answer:-

Both are important. You need to stress that. However, if you could only choose one, ask yourself As Computer Applications Programming Supervisor - do you like to be "in the weeds" with your work, or do you want to be the one painting the vision?

[Computer Applications Programming Supervisor Interview Questions And Answers](#)

[Read More Answers.](#)

Question # 56

When was the last time something upset you at work? What did you do?

Answer:-

Almost everyone has an emotional moment related to work at some point - you're not alone. The key is to learn why you reacted that way and to focus not on the problem but HOW to resolve it. Another key component is to be aware of your emotional response so that you can learn to control it in the future in a calm way.

[Read More Answers.](#)

Question # 57

What do you expect to be earning in 5 years As Computer Applications Programming Supervisor?

Answer:-

Discuss how you expect yourself to be excellent at your job. Thus, it would be reasonable to expect pay that is based on the merit of your work.

[Read More Answers.](#)

Question # 58

What do you look for in terms of culture -- structured or entrepreneurial?

Answer:-

A good answer is to discuss the importance of having both elements in a company As Computer Applications Programming Supervisor. Structure is good to maintain a focus on priorities and making sure people are productive but having an entrepreneurial spirit can help cultivate new ideas that can truly help the company.

[Read More Answers.](#)

Question # 59

What general trends do you see in our industry?

Answer:-

Examine what's happened in the industry in the last 5 - 10 years and how it's evolved and then look at what both the company and analysts are saying about the future of that industry in which that company competes in. Read trade magazines / online sources in that industry as well to make sure you stay up to date on trends.

[Read More Answers.](#)

Question # 60

What types of personalities do you work with best?

Answer:-

In the past, I have found it difficult to work with others who see themselves as better than others, who can take criticism, and who refuse to work with others. I have found it challenging to work with them b/c I am a team oriented person who feels the importance of working together over the needs of the individual especially in a learning environment.

[Read More Answers.](#)

Question # 61

Why should we hire you as this position As Computer Applications Programming Supervisor?

Answer:-

This is the part where you link your skills, experience, education and your personality to the job itself. This is why you need to be utterly familiar with the job description as well as the company culture. Remember though, it's best to back them up with actual examples of say, how you are a good team player.

[Read More Answers.](#)

Question # 62

Why are you leaving your current job?

Answer:-

This is a toughie, but one you can be sure you'll be asked. Definitely keep things positive-you have nothing to gain by being negative about your past employers. Instead, frame things in a way that shows that you're eager to take on new opportunities and that the role you're interviewing for is a better fit for you than your current or last position. For example, "I'd really love to be part of product development from beginning to end, and I know I'd have that opportunity here." And if you were let go? Keep it simple: "Unfortunately, I was let go," is a totally OK answer.

[Read More Answers.](#)

Question # 63

If I were to give you this salary you requested but let you write your job description for the next year, what would it say?

Answer:-

It should say the same thing - after all - if you think this salary is fair then it should suit the responsibilities!

[Read More Answers.](#)

Question # 64

Give me an example of when you competed hard and won?

Answer:-

You can reference many different areas here when discussing a story of where you won in competition: Work experience (ideal), sports, clubs, classes, projects.

[Read More Answers.](#)

Question # 65

How do you decide what to delegate and to whom?

Answer:-

Identify the strengths of your team members and their availability based on the priorities they have on their plate. From there, invest the tasks upon each member based on where you think you'll get the best return.

[Read More Answers.](#)

Question # 66

How do you act when you encounter competition?

Answer:-

This question is designed to see if you can rise the occasion. You want to discuss how you are the type to battle competition strongly and then you need to cite an example if possible of your past work experience where you were able to do so.

[Read More Answers.](#)

Question # 67

Do you have good computer skills?

Answer:-

It is becoming increasingly important for medical assistants to be knowledgeable about computers. If you are a long-time computer user with experience with different software applications, mention it. It is also a good idea to mention any other computer skills you have, such as a high typing rate, website creation, and more.
