Question # 2

What are the activities that you perform while moving VOBs between two different operating systems?

Answer:-

Explain the all process of this moving.

[Read More Answers.](#)

Question # 3

How do you move a directory or element in Clear case from one VOB to another? Which command do you use? Is it a "cut+paste" operation or "copy+paste" operation?

Answer:-

I answered that the command used is "relocate" command. I thought it was "cut+paste" because after executing the command the elements will be removed from the source VOB.
