Department of Mathematics Chair Job Interview Preparation Guide.

Question # 1

Where do you see yourself in five years? Ten years?

Answer:-

Bad Answer: A generic or uninspired answer. Also, answers that show that this career/company is just a temporary stop for them.

Good answer: One that shows the candidate has thought about this question, has plans, and that those plans align with the job and a career path that is possible in the company. You want to see that this candidate is a good long term investment.

Question # 3

If you have multiple projects on your plate, how do you handle completing them on time?

Answer:-

Prioritize based on business importance. Set clear timelines for each so that you know which ones to knock out first. Get your teammates to help if necessary.

[Read More Answers.](#)

Question # 4

Explain me what do you know about our company?

Answer:-

Bad Answer: They don't know much about the company. If a candidate is serious and enthusiastic, they should have done some basic research.

Good answer: An answer that shows they've really done their homework and know what the company does, any important current events that involve the company, and the work culture.

[Read More Answers.](#)

Question # 5

Can you describe your ideal boss/supervisor?

Answer:-

During the interview As Department of Mathematics Chair process employers will want to find out how you respond to supervision. They want to know whether you have any problems with authority, If you can work well as part of a group (see previous question) and if you take instructions well etc.

Never ever ever, criticize a past supervisor or boss. This is a red flag for airlines and your prospective employer will likely assume you are a difficult employee, unable to work in a team or take instruction and side with your former employer.

[Read More Answers.](#)

Question # 6

What's your dream job?

Answer:-

Along similar lines, the interviewer wants to uncover whether this position As Department of Mathematics Chair is really in line with your ultimate career goals. While "an GGL star" might get you a few laughs, a better bet is to talk about your goals and ambitions-and why this job will get you closer to them.

[Read More Answers.](#)

Question # 7

Are you willing to work overtime or odd hours?

Answer:-

Be completely honest. You don't want to lie to get the job if you're not going to work the hours required.

[Read More Answers.](#)

Question # 8

What would you like to avoid completely in your next job As Department of Mathematics Chair?

Answer:-

Bad business ethics, teammates / managers that are disrespectful / inconsiderate. But of course, this job wouldn't have things like this right?

[Read More Answers.](#)

Question # 9

How do you keep others informed on work issues?

Answer:-

Possible methods:

Talking to them, emailing them, sharing best practices in meetings

[Read More Answers.](#)

Question # 10

Did you consider yourself a team player?

Answer:-

Of course you're a team player - who isn't. But a simple yes probably isn't the response the interviewer is looking for. Be ready to provide specific example of how you've worked as part of a cohesive team to get things accomplished and how you've focus on team performance rather than individual performance. Make sure not to brag as this will make it appear as that you're more concerned about your own performance and accomplishments than those of the team.

[Read More Answers.](#)

Question # 11

What have you done to improve your skills over the past year As Department of Mathematics Chair?

Answer:-

[Read More Answers.](#)

Question # 32

If you look at a clock and the time is 3:15, what's the angle between the hour and the minute hands?

Answer:-

Usually, if the answer to a brainteaser seems too easy, chances are the answer's wrong. And in this case, the answer is not zero degrees. The hour hand, remember, moves as well. That is, in addition to the minute hand. And so, at 3:15, the hour hand and the minute hand are not on top of each other. In fact, the hour hand has moved a quarter of the way between the 3 and 4. This means it's moved a quarter of 30 degrees (360 degrees divided by 12 equals 30). So the answer, to be exact, is seven and a half degrees (30 divided by four).

Question # 44

How long do you envision yourself staying with this company?

Answer:-

Understand that companies invest a lot of money into hiring the right staff. You want to emphasize that you are in it for the long run and you want to develop a career there and that it's not just a "5 month stepping stone" type of a job. You should be thinking how you're going to grow with that company. After all, don't you want to invest your energy and time with a company that is going to continue to be successful and one that will help you grow?

[Read More Answers.](#)

Question # 45

How important is a positive attitude to you?

Answer:-

Incredibly important. I believe a positive attitude is the foundation of being successful - it's contagious in the workplace, with our customers, and ultimately it's the difference maker.

[Read More Answers.](#)

Question # 46

How do you feel about taking on repetitive tasks As Department of Mathematics Chair?

Answer:-

This answer depends on whether or not the job has a lot of repetitive tasks with no variation. If it does, then you would need to be okay with the idea of doing the same task over and over again. If you feel you can offer more than repetitive work, then describe how you would be able to do so.

[Read More Answers.](#)

Question # 47

Are You a 'People' Person?

Answer:-

Although it may be phrased a little differently, the gist of this question is clear:

Do you like being around people? If you don't, being a medical assistant isn't a good fit for you. After all, you'll be working directly with patients throughout the day. It helps a lot if you sincerely like interacting with them. While answering this question, make sure to mention that you like helping people too. This will drive home the point that you are a talented medical assistant and would be a valuable part of the team As Department of Mathematics Chair.

[Read More Answers.](#)

Question # 48

What does your professional network look like?

Answer:-

If you have a professional network, discuss it detail (# of contacts, people you know, their positions and what you've learned from them or how you've worked with them). If you don't have one, discuss how you would develop one (career fairs, networking events for that industry, through your existing friends, etc)

[Read More Answers.](#)

Question # 49

How would you impact the company?

Answer:-

Consider first the role that you're applying for and then think of 3 ways where you could potentially impact the company's bottom line and top line. Then consider how you impact the company in a creative manner (how do you help productivity, the development of new products, marketing etc - of course this part is specific to the role you're applying for)

[Read More Answers.](#)

Question # 50

If you could offer suggestions on how to improve our company, what would you say?

Answer:-

Examine the trends of the company and also where there may be some weaknesses (news articles often document this on public companies or look at their competitors to see how they're positioning it against them.) Then, once you have that knowledge, think creatively on how you could improve upon that weakness for them.

What are your thoughts on failure?

Answer:-

Failure happens. It's a part of life. The key is understanding that you can't be perfect at everything and more importantly you're going to learn from failures to come out stronger.

[Read More Answers.](#)

Question # 53

Why are you leaving your current job?

Answer:-

This is a toughie, but one you can be sure you'll be asked. Definitely keep things positive-you have nothing to gain by being negative about your past employers. Instead, frame things in a way that shows that you're eager to take on new opportunities and that the role you're interviewing for is a better fit for you than your current or last position. For example, "I'd really love to be part of product development from beginning to end, and I know I'd have that opportunity here." And if you were let go? Keep it simple: "Unfortunately, I was let go," is a totally OK answer.

[Read More Answers.](#)

Question # 54

When was the last time something upset you at work? What did you do?

Answer:-

Almost everyone has an emotional moment related to work at some point - you're not alone. The key is to learn why you reacted that way and to focus not on the problem but HOW to resolve it. Another key component is to be aware of your emotional response so that you can learn to control it in the future in a calm way.

[Read More Answers.](#)

Question # 55

How do you decide what to delegate and to whom?

Answer:-

Identify the strengths of your team members and their availability based on the priorities they have on their plate. From there, invest the tasks upon each member based on where you think you'll get the best return.

[Read More Answers.](#)

Question # 56

Does your boss know you're here today?

Answer:-

Usually, you probably haven't told your boss for obvious reasons. So it's ok to say that they do not. You don't want to upset the balance at your current job after all and nothing is guaranteed in an interview. The interviewer should understand this stance.

[Read More Answers.](#)

Question # 57

What does "thinking outside the box" mean to you?

Answer:-

It means not doing things exactly the same way as everyone else. You've got to challenge the status quo and bring something new to the business.

[Read More Answers.](#)

Question # 58

Describe a typical work week for this position As Department of Mathematics Chair?

Answer:-

Interviewers expect a candidate for employment to discuss what they do while they are working in detail. Before you answer, consider the position As Department of Mathematics Chair you are applying for and how your current or past positions relate to it. The more you can connect your past experience with the job opening, the more successful you will be at answering the questions.

[Read More Answers.](#)

Question # 66

Rate yourself on a scale of 10?

Answer:-

If you truly believe you're a 10, you better be able to explain why with examples / stories. If you believe you're a great contributor and have room to grow, say 8 or 9. If you're below that, explain what you would do to improve yourself to get the ranking you believe you can be.

[Read More Answers.](#)

Question # 67

How would you rate your communication and interpersonal skills for this job As Department of Mathematics Chair?

Answer:-

These are important for support workers. But they differ from the communication skills of a CEO or a desktop support technician. Communication must be adapted to the special ways and needs of the clients. Workers must be able to not only understand and help their clients, but must project empathy and be a warm, humane presence in their lives.

[Read More Answers.](#)

Question # 68

How would you observe the level of motivation of your subordinates?

Answer:-

Choosing the right metrics and comparing productivity of everyone on daily basis is a good answer, doesn't matter in which company you apply for a supervisory role.

[Read More Answers.](#)

Question # 69

What do you know about the company?

Answer:-

Any candidate can read and regurgitate the company's "About" page. So, when interviewers ask this, they aren't necessarily trying to gauge whether you understand the mission-they want to know whether you care about it. Start with one line that shows you understand the company's goals, using a couple key words and phrases from the website, but then go on to make it personal. Say, "I'm personally drawn to this mission because..." or "I really believe in this approach because..." and share a personal example or two.

[Read More Answers.](#)

Question # 70

How do you keep each member of the team involved and motivated?

Answer:-

Many managers mistakenly think that money is the prime motivator for their employees. However, according to surveys by several different companies, money is consistently ranked five or lower by most employees. So if money is not the best way to motivate your team, what is?

Employees' three most important issues according to employees are:

- * Respect
- * A sense of accomplishment
- * Recognition

[Read More Answers.](#)

Question # 71

What aspect of supervision do you find the most difficult?

Answer:-

Managing different personalities and keeping them focused on the goal at hand.

[Read More Answers.](#)

Question # 72

Give an example of a time you successfully worked As Department of Mathematics Chair on a team?

Answer:-

On the whole I prefer to stick to doing what I'm told rather than setting myself up to fail by doing things off my own bat. But there was this one time when I suggested to my boss at the pizza parlor that she try offering an 'all you can eat' deal to students to boost trade on Mondays. She thought it was an interesting idea but nothing ever came of it.

[Read More Answers.](#)

Answer:-

Trying to create competitive atmosphere, trying to motivate the team as a whole, organizing team building activities, building good relationships amongst people.

[Read More Answers.](#)

Question # 75

What general trends do you see in our industry?

Answer:-

Examine what's happened in the industry in the last 5 - 10 years and how it's evolved and then look at what both the company and analysts are saying about the future of that industry in which that company competes in. Read trade magazines / online sources in that industry as well to make sure you stay up to date on trends.

[Read More Answers.](#)

Question # 76

Have you got any questions?

Answer:-

This is your final opportunity to persuade the interviewer that you are the right candidate for the job. Now is not the time to ask questions about holidays, pay or pensions - all these things can be asked later when you get an offer of employment. Now is the time to ask about any reservations that the interviewer may have about your suitability for the role. You will then give yourself one last chance to persuade the interviewer that you are the right candidate for the job.

Example Thank you. I think we have covered everything. Before we finish the interview I would like to take the opportunity to ask if you have any reservations about my suitability for this role?

[Read More Answers.](#)

Question # 77

What problems have you encountered at work?

Answer:-

Wow, do we have problems! Where do I begin? Well, most of the problems are internal, just people not working well with each other. I have one person on our team who is a real problem, but it seems like management is afraid to do anything about it. So we all end up having to do extra work to cover for this person, who just doesn't work. We all say that he's retired in place. I think he's just holding on until retirement in a couple years. But he's a real problem. I complain about it--a lot--but nothing ever seems to get done. I've even written negative reviews about the person, hoping he will get canned, but it doesn't happen. I can't wait for him to retire.

Question # 79

How much time do you need to join the organization As Department of Mathematics Chair?

Answer:-

You should be able to join it right away, barring plans you've already made (family travel, vacation, other obligations). The key is to simply be open in communication of what's already committed on your schedule. Most companies are accommodating. If they are not, weight the importance of joining that company vs. your plans.
