Engineer Electrical Electronic Job Interview Preparation Guide.

Question # 1

What's the difference between good and exceptionally great?

Answer:-

Being good is getting the job done as promised As Engineer Electrical Electronic. Being great is delivering the work in an exceptional way that completely exceeds expectations.

[Read More Answers.](#)

Question # 2

Would you like doing repetitive work?

Answer:-

Why not, I am not only doing a repetitive work but also earning but also getting a good salary by the company As Engineer Electrical Electronic. And second thing is that nothing is interesting in the life till we are not interested.

[Read More Answers.](#)

Question # 3

What is your dream job?

Answer:-

There is almost no good answer to this question, so don't be specific. If you tell the interviewer that the job you're applying for with his/her company is the perfect job you may lose credibility if you don't sound believable (which you probably won't if you're not telling the truth.) If you give the interviewer some other job the interviewer may get concerned that you'll get dissatisfied with the position if you're hired. Again, don't be specific. A good response could be, "A job where my work ethic and abilities are recognized and I can make a meaningful difference to the organization."

[Read More Answers.](#)

Question # 4

Have you ever been caught stealing, or better yet, have you ever stole anything?

Answer:-

I guess everyone takes a pen or paper or little things like that. But other than that, NO. I have never stole from my employers or better yet As Engineer Electrical Electronic, from anyone.

[Read More Answers.](#)

Question # 5

What three character traits would your friends use to describe you?

Answer:-

Friends would typically use attributes like (assuming you have these): Trustworthy, honest, hardworking, friendly, courageous, nice, diligent, organized and so forth. Not saying you have all of these, but the best way for you to find out is to survey your friends by asking them what they consider your brand to be.

[Read More Answers.](#)

Question # 6

What education or training have you had that makes you fit for this profession As Engineer Electrical Electronic?

Answer:-

This would be the first question asked in any interview. Therefore, it is important that you give a proper reply to the question regarding your education. You should have all the documents and certificates pertaining to your education and/or training, although time may not allow the interviewer to review all of them.

Engineer Electrical Electronic Interview Questions And Answers

- * I'm a people person. I really enjoy meeting and working with a lot of different people.
- * I'm a perfectionist. I pay attention to all the details, and like to be sure that everything is just right.
- * I'm a creative thinker. I like to explore alternative solutions to problems and have an open mind about what will work best.
- * I'm efficient and highly organized. This enables me to be as productive as possible on the job.
- * I enjoy solving problems, troubleshooting issues, and coming up with solutions in a timely manner.

[Read More Answers.](#)

Question # 16

What is the difference between a big ego and a healthy ego?

Answer:-

"Ego" should be replaced by confidence. It's good to be confident as it shows that you know what you're doing. However, a big ego is when confidence spirals out of control and you become arrogant.

[Read More Answers.](#)

Question # 17

Can you describe your ideal boss/supervisor?

Answer:-

During the interview As Engineer Electrical Electronic process employers will want to find out how you respond to supervision. They want to know whether you have any problems with authority, If you can work well as part of a group (see previous question) and if you take instructions well etc. Never ever ever, criticize a past supervisor or boss. This is a red flag for airlines and your prospective employer will likely assume you are a difficult employee, unable to work in a team or take instruction and side with your former employer.

[Read More Answers.](#)

Question # 18

What motivates you the most?

Answer:-

Is it money? Is it career development? Is it recognition? Is it a sense of achievement? Is it to impress your peers? Is it for fame?

[Read More Answers.](#)

Question # 19

Describe what a "lot of work" looks like to you As Engineer Electrical Electronic?

Answer:-

Ideally you'd like to state that you can take on a lot of work - this shows your work ethic, but at the same time it's okay to tell them that you value work and life balance.

[Read More Answers.](#)

Question # 20

Do you know anyone that works with our company?

Answer:-

Sometimes companies have policies relating to the hiring of individuals related to current company employees. If you are related to anyone working for the company make sure you're aware of company policies before you enter the interview. If you have a friend or acquaintance working for the company make sure have good relationship with this individual before mentioning them.

[Read More Answers.](#)

Question # 21

Give me an example of a time when you were able to successfully communicate with another person even when that individual may not have personally liked you (or vice versa). How did you handle the situation? What obstacles or difficulties did you face? How did you deal with them?

Answer:-

First, the key is to state the differences in personality to give the interviewer some background. Second, you want to discuss how that was affecting the situation. Third, show how you were able to adapt to the way the person wanted to be communicated with to achieve your goals

[Read More Answers.](#)

Question # 22

Do you work well within a team?

Answer:-

Some people are thrown when they are asked this Engineer Electrical Electronic question when they are applying for a position to work alone. Every company works as a team, so you are a good team player, give an example of when you have worked well within a team.

[Read More Answers.](#)

Question # 23

Why are you interested in working As Engineer Electrical Electronic for [insert company name here]?

Answer:-

Bad Answer: They don't have a good reason, or provide a generic answer, "I think it represents a great opportunity."

Good answer: One that shows they've done research on the company, and are truly excited about specific things they can do at the job. This not only shows

Engineer Electrical Electronic Interview Questions And Answers

enthusiasm for the work and basic preparation skills, gives you clues about the cultural fit.

[Read More Answers.](#)

Question # 24

If you were hiring a person for this job As Engineer Electrical Electronic, what would you look for?

Answer:-

Discuss qualities you possess required to successfully complete the job duties.

[Read More Answers.](#)

Question # 25

What are your strengths As Engineer Electrical Electronic?

Answer:-

This is one of the most common questions you will be asked. Give an answer relevant to the skills and qualities relevant to the position you are applying to. The interviewer is trying to find if your strengths match the job. For example, if you are applying for a job As Engineer Electrical Electronic where accuracy is an important issue, one of your strengths could be that you have an eye for detail. It may be useful to find different words to describe similar attributes and qualities in order to avoid repetition.

[Read More Answers.](#)

Question # 26

What's been your biggest failure to date?

Answer:-

Describe your biggest failure and discuss what you've learned from it and ideally how you've been successful since because of that lesson.

[Read More Answers.](#)

Question # 27

Tell me an occasion when you needed to persuade someone to do something?

Answer:-

Interpersonal relationships are a very important part of being a successful care assistant. This question is seeking a solid example of how you have used powers of persuasion to achieve a positive outcome in a professional task or situation. The answer should include specific details.

[Read More Answers.](#)

Question # 28

If you could offer suggestions on how to improve our company, what would you say?

Answer:-

Examine the trends of the company and also where there may be some weaknesses (news articles often document this on public companies or look at their competitors to see how they're positioning it against them.) Then, once you have that knowledge, think creatively on how you could improve upon that weakness for them.

[Read More Answers.](#)

Question # 29

Describe to me a time where you had to make a hard decision As Engineer Electrical Electronic?

Answer:-

Hard decisions are hard for a reason. It could dramatically effect the company. It could affect other workers. So if you have a story about how you made a hard decision and had a good outcome, share that. If you have one where the outcome wasn't great, explain how you would have changed the way you approached the decision to show you learned how to improve.

[Read More Answers.](#)

Question # 30

How do you handle your anger?

Answer:-

I don't get angry very easily but in the rare occasion that I do, I hold it in and act as though nothing is wrong.

[Read More Answers.](#)

Question # 31

What other companies are you interviewing at?

Answer:-

Be open and share if you are indeed interviewing elsewhere, but do it in a humble way. This way you don't seem arrogant and the interviewer knows your skills are valued by other companies. This also tends to make them want you more as they know they are competing for your services.

[Read More Answers.](#)

Question # 32

If selected for this position As Engineer Electrical Electronic, can you describe your strategy for the first 90 days?

Engineer Electrical Electronic Interview Questions And Answers

Answer:-

This depends on the job role. Make sure you break it down into

[Read More Answers.](#)

Question # 33

Did you get on well with your last manager?

Answer:-

A dreaded question for many! When answering this question never give a negative answer. "I did not get on with my manager" or "The management did not run the business well" will show you in a negative light and reduce your chance of a job offer. Answer the question positively, emphasizing that you have been looking for a career progression. Start by telling the interviewer what you gained from your last job As Engineer Electrical Electronic

[Read More Answers.](#)

Question # 34

How will you approach learning this "new" job As Engineer Electrical Electronic?

Answer:-

Interview peers and leaders/managers, read industry news, practice the skill sets needed, absorb information on the job as much as possible.

[Read More Answers.](#)

Question # 35

Was there a person in your career who really made a difference?

Answer:-

If you can't think of one, you need to get a mentor QUICKLY! Mentors can come in the form of peers, family members, co-workers, management / leaders at a company and so on.

[Read More Answers.](#)

Question # 36

Do you have good manners? What types of people need to be treated with good manners?

Answer:-

You should have good manners. Everyone should be treated with courtesy and respect.

[Read More Answers.](#)

Question # 37

How do you feel about this company's vision?

Answer:-

First find out where the company envisions itself in 3-5 years. If you can't find the vision of the company, that's probably a big question mark on the company itself. Once you do, identify how those company's visions align to your personal values and goals and then articulate how tightly correlated that is to the interviewer. For example - this company wants to be the #1 provider of green technology in the world and I feel strongly about that vision because we've got a chance to collectively impact the world to become a greener society and save our clients at the same time!

[Read More Answers.](#)

Question # 38

How did you find out about this job As Engineer Electrical Electronic? What do you know about the job?

Answer:-

Possible ways to find out about the job:

Online website listing, friend, professional referral, mentor, career fairs, networking events. You should know about the roles and responsibilities of the job and what they're looking for. Make sure you read up on that online beforehand or ask the person that referred you.

[Read More Answers.](#)

Question # 39

What are your thoughts on failure?

Answer:-

Failure happens. It's a part of life. The key is understanding that you can't be perfect at everything and more importantly you're going to learn from failures to come out stronger.

[Read More Answers.](#)

Question # 40

How do you take "No" for an answer?

Answer:-

You want to be persistent enough to understand why someone is saying no so that you could potentially convince them otherwise with a sound reason. However, if they are still saying "no" to you, then you need to humbly accept their position and move on.

[Read More Answers.](#)

Question # 41

What have you done to reduce costs, increase revenue, or save time?

Answer:-

Even if your only experience is an internship, you have likely created or streamlined a process that has contributed to the earning potential or efficiency of the practice. Choose at least one suitable example and explain how you got the idea, how you implemented the plan, and the benefits to the practice.

[Read More Answers.](#)

Question # 42

How well do you multi-task?

Answer:-

Multi-tasking is an important part of most jobs. You want to show that you're good at it but not overwhelmed with it. So discuss just a few things you can multi-task well on - for example: "I'm good at multi tasking between work email and working on projects As Engineer Electrical Electronic and the reason it because I'm good at prioritizing my work emails.

[Read More Answers.](#)

Question # 43

How do you define arrogance? Are you arrogant?

Answer:-

Arrogance is having an attitude of superiority beyond reason. Confidence is believing in yourself without being cocky. You should not be arrogant.

[Read More Answers.](#)

Question # 44

How do you deal with pressure or stressful situations?

Answer:-

Choose an answer that shows that you can meet a stressful situation head-on in a productive, positive manner and let nothing stop you from accomplishing your goals. A great approach is to talk through your go-to stress-reduction tactics (making the world's greatest to-do list, stopping to take 10 deep breaths), and then share an example of a stressful situation you navigated with ease.

[Read More Answers.](#)

Question # 45

Explain me about a challenge or conflict you've faced at work As Engineer Electrical Electronic, and how you dealt with it?

Answer:-

In asking this interview question, your interviewer wants to get a sense of how you will respond to conflict. Anyone can seem nice and pleasant in a job interview, but what will happen if you're hired?. Again, you'll want to use the S-T-A-R method, being sure to focus on how you handled the situation professionally and productively, and ideally closing with a happy ending, like how you came to a resolution or compromise.

[Read More Answers.](#)

Question # 46

How would your former employer describe you?

Answer:-

In all likelihood, the interviewer will actually speak with your former employer so honesty is key. Answer as confidently and positively as possible and list all of the positive things your past employer would recognize about you. Do not make the mistake of simply saying you are responsible, organized, and dependable. Instead, include traits that are directly related to your work as a medical assistant, such as the ability to handle stressful situations and difficult patients, the way you kept meticulous records, and more.

[Read More Answers.](#)

Question # 47

What other jobs are you applying for As Engineer Electrical Electronic?

Answer:-

If you're applying with other similar companies in a similar or the same industry, it's actually okay to state that as it shows you're valued and wanted.

[Read More Answers.](#)

Question # 48

Why are you leaving the present company?

Answer:-

According to me we can not grow in the field without taking more responsibilities and risks and also we can't enhance our team leading capabilities, managerial skills without expose to wide range of people.

[Read More Answers.](#)

Question # 49

What type of personalities do you work best with and why?

Answer:-

Think of which personalities you work best with (do you like outgoing, collaborative, personable working relationships and so forth?)

[Read More Answers.](#)

Question # 50

What is your ideal working environment?

Answer:-

Describe your ideal working environment. Do you like flexibility with work hours? Do you like working in a cubicle or independently? Do you like to be micro managed or empowered? Do you like to work on your own or in a team? Do you like being driven by metrics in your role? How much responsibility do you want?

[Read More Answers.](#)

Question # 51

What was the most important task you ever had?

Answer:-

There are two common answers to this question that do little to impress recruiters:

* 'I got a 2.1'

* 'I passed my driving test'

No matter how proud you are of these achievements, they don't say anything exciting about you. When you're going for a graduate job, having a degree is hardly going to make you stand out from the crowd and neither is having a driving licence, which is a requirement of many jobs.

[Read More Answers.](#)

Question # 52

Explain an idea that you have had and have then implemented in practice?

Answer:-

Often an interview guide will outline the so-called 'STAR' approach for answering such questions; Structure the answer as a situation, task, action, and result: what the context was, what you needed to achieve, what you did, and what the outcome was as a result of your actions.

[Read More Answers.](#)

Question # 53

Explain me about your experience working in this field As Engineer Electrical Electronic?

Answer:-

I am dedicated, hardworking and great team player for the common goal of the company I work with. I am fast learner and quickly adopt to fast pace and dynamic area. I am well organized, detail oriented and punctual person.

[Read More Answers.](#)

Question # 54

How would you define success?

Answer:-

Success is defined differently for everybody. Just make sure the parameters are defined by you with regards to work life balance, financial gain, career growth, achievements, creating meaningful work / products and so forth. If you can clearly articulate what it means to you that is a strong answer.

[Read More Answers.](#)

Question # 55

Do you have any question regarding this job As Engineer Electrical Electronic?

Answer:-

Never ask Salary, perks, leave, place of posting, etc. regarded questions. Try to ask more about the company to show how early you can make a contribution to your organization like. "Sir, with your kind permission I would like to know more about induction and developmental programs?" OR Sir, I would like to have my feedback, so that I can analyze and improve my strengths and rectify my shortcomings.

[Read More Answers.](#)

Question # 56

When was the last time something upset you at work? What did you do?

Answer:-

Almost everyone has an emotional moment related to work at some point - you're not alone. The key is to learn why you reacted that way and to focus not on the problem but HOW to resolve it. Another key component is to be aware of your emotional response so that you can learn to control it in the future in a calm way.

[Read More Answers.](#)

Question # 57

How good are you at problem solving?

Answer:-

Describe the problem first and then discuss how you were able to fix it.

[Read More Answers.](#)

Question # 58

Are you aggressive?

Answer:-

If you are, describe it through a story / experience that you had. If you aren't, then explain why you're not. If the job role asks for you to be aggressive/not aggressive and you're the opposite of it, explain how you would develop that characteristic.

[Read More Answers.](#)

Question # 59

Tell me one thing about yourself you wouldn't want me to know?

Answer:-

Talk about a trait that you would consider a weakness. No need to talk about your deepest darkest secrets here.

[Read More Answers.](#)

Question # 60

How long will it take for you to make a significant contribution?

Answer:-

First define significant contribution - once you do that - lay out a timeline plan in which you think you can achieve that.

[Read More Answers.](#)

Question # 61

What would you like to have accomplished by the end of your career?

Answer:-

Think of 3 major achievements that you'd like to accomplish in your job when all is said and done - and think BIG. You want to show you expect to be a major contributor at the company. It could be creating a revolutionary new product, it could be implementing a new effective way of marketing, etc.

[Read More Answers.](#)

Question # 62

What's the most rewarding work you've ever done and why?

Answer:-

Companies love it when you discuss how you've made an impact on your teammates, clients, or partners in the business or in school. It should be rewarding because of the hard work and creative process that you've put into it.

[Read More Answers.](#)

Question # 63

What types of personalities do you work with best?

Answer:-

In the past, I have found it difficult to work with others who see themselves as better than others, who can take criticism, and who refuse to work with others. I have found it challenging to work with them b/c I am a team oriented person who feels the importance of working together over the needs of the individual especially in a learning environment.

[Read More Answers.](#)

Question # 64

Explain me about a time when you reached a goal within a tight deadline?

Answer:-

I work well under pressure to meet deadlines without jeopardizing the quality of my work. I have always worked in a fast pace environment where we are constantly under pressure to achieve best results within a time frame.

[Read More Answers.](#)

Question # 65

What do you know about this department?

Answer:-

One good way to find out about the department is to try to "informally" interview the existing employees over coffee (outside of the office) if possible. It's hard if you don't have any connections there, but if you do a great way to learn about it. Other than that, it's often hard to learn about the department so you can turn the table back on them by asking questions to learn about it.

[Read More Answers.](#)

Question # 66

How would you motivate your team members to produce the best possible results?

Answer:-

Trying to create competitive atmosphere, trying to motivate the team as a whole, organizing team building activities, building good relationships amongst people.

[Read More Answers.](#)

Question # 67

Give an example of a time you successfully worked As Engineer Electrical Electronic on a team?

Answer:-

On the whole I prefer to stick to doing what I'm told rather than setting myself up to fail by doing things off my own bat. But there was this one time when I suggested to my boss at the pizza parlor that she try offering an 'all you can eat' deal to students to boost trade on Mondays. She thought it was an interesting idea but nothing ever came of it.

[Read More Answers.](#)

Question # 68

What kind of salary do you need As Engineer Electrical Electronic?

Answer:-

This is a loaded question and a nasty little game that you will probably lose if you answer first. So, do not answer it. Instead, say something like, that's a tough question. Can you tell me the range for this position? In most cases, the interviewer, taken off guard, will tell you. If not, say that it can depend on the details of the job. Then give a wide range.

[Read More Answers.](#)

Question # 69

Explain an occasion when you had to adapt in the face of a difficult situation?

Answer:-

One of the most useful interview tactics is to remain positive about your work and achievements. This question lets the candidate draw on their own personal history to show how they have been positive and successful in the face of difficulties. Choose a specific occasion to describe, rather than dealing with generic platitudes.

[Read More Answers.](#)

Question # 70

What is your desired salary As Engineer Electrical Electronic?

Answer:-

Bad Answer: Candidates who are unable to answer the question, or give an answer that is far above market. Shows that they have not done research on the market rate, or have unreasonable expectations.

Good answer: A number or range that falls within the market rate and matches their level of mastery of skills required to do the job.

[Read More Answers.](#)

Question # 71

Rate yourself on a scale of 10?

Answer:-

If you truly believe you're a 10, you better be able to explain why with examples / stories. If you believe you're a great contributor and have room to grow, say 8 or 9. If you're below that, explain what you would do to improve yourself to get the ranking you believe you can be.

[Read More Answers.](#)

Question # 72

Do you have any questions for me?

Answer:-

Good interview questions to ask interviewers at the end of the job interview include questions on the company growth or expansion, questions on personal development and training and questions on company values, staff retention and company achievements.

[Read More Answers.](#)

Question # 73

Do you like to start personal relationships with other employees?

Answer:-

Well, the right answer is yes and no. Good personal relations can improve the overall performance of a team. But on the other hand, you should not let your emotions to affect your decisions in work.

[Read More Answers.](#)

Question # 74

What is your greatest weakness As Engineer Electrical Electronic? What are you doing to improve it?

Answer:-

I believe my biggest weakness As Engineer Electrical Electronic is wanting to help anyone I can help. What I mean is I am willing to take on task that are not my job. I want to learn all I can. However, that has helped me get promoted or even asked to help in times of need in other department. I have been know as the "go to person" when help is needed.

[Read More Answers.](#)

Question # 75

What schedule do you hope to work? Are you willing to work extra hours?

Answer:-

Be honest. If you really want the job and are willing to work any schedule needed, say so. If, however, you have no intention of working late hours or weekends, simply let the interviewer know the hours that you are available to work. The same applies to extra hours. You are more likely to be hired if you are willing to work any time you are needed. However, saying that you are willing and then complaining about the hours once you start working is a recipe for disaster.
