Question # 77

What do you know about this department?

Answer:-

One good way to find out about the department is to try to "informally" interview the existing employees over coffee (outside of the office) if possible. It's hard if you don't have any connections there, but if you do a great way to learn about it. Other than that, it's often hard to learn about the department so you can turn the table back on them by asking questions to learn about it.

Answer:-

If you truly believe you're a 10, you better be able to explain why with examples / stories. If you believe you're a great contributor and have room to grow, say 8 or 9. If you're below that, explain what you would do to improve yourself to get the ranking you believe you can be.
