Question # 98

Why India making ties with Iran?

Answer:-

As Iran is the fourth largest producer of oil, which we need in large quantities to meet the demands of developing economy therefore it pays to have a good relation with Iran. Moreover it is also beneficial to have an ally in the Middle East (a rather troubled part of the world) which does not see eye to eye with organisations like the Al Qaeda. It should also be noted that a Middle Eastern ally can also help us understand the intricacies of the region. Hence having an ally like Iran would be greatly beneficial to our foreign policy and it is for these very reasons that India is making ties with Iran.
