Question # 11

Explain some examples of how you might collaborate with other teachers in the school?

Answer:-

PE should never be taught in isolation! I like to talk to classroom teachers to find out what their students are interested in, which students especially need a chance to take on leadership roles or get energy out, and what they are studying in class. I can teach sports and games from different periods in history to go along with a social studies curriculum, and I can incorporate counting, measurement and other math concepts into my instruction. I start by listening to what other teachers hope to get out of our collaborative relationship, and I move on from there.
