Answer:-

The most successful landscaping I have done so far is that in the light well of a huge shopping mall. It has been successful I think because the design ideas were very unique and the plant selection was informed, just in accordance with the light and moisture factors so its maintenance is super easy.

[Read More Answers.](#)

Question # 31

Explain what was your most successful design project? Why do you believe it was successful?

Answer:-

Doing landscaping at the conservation building. Had dig out old dead grass all around the parking lot with shovels, pulling all dead weeds. Laying down new soil and patting in all done to make it look even and putting grass seeds on it after then watering. It was successful because the customer was happy and thanked up for the hard work and said it looked great.

[Read More Answers.](#)

Question # 32

Do you know landscaping is a creative field which requires teamwork. How do you feel about working with a team on a project?

Answer:-

No doubt landscaping demands creativity but it also demands man power. If there is a conflict of ideas among team members I always resolve the issue by sitting together, sharing ideas and evaluating each plan for its feasibility. Of course the customer's preferences and the allocated budget pretty much define the choice of design so it has never posed to be a problem.
