Mental Attitude Job Interview Preparation Guide.

Question # 1

Define Valence properties?

Answer:-

Valence of an attitude tells us whether an attitude is positive or negative towards the attitude object. For example, an attitude towards a nuclear research is expressed on a 5-point scale ranging from 1 (Very Bad), 2 (Bad), 3 (Neutral), 4 (Good) and 5 (Very Good). A rating of 4 or 5 indicates a positive attitude towards nuclear research while a rating of 1 or 2 indicates a negative attitude and a rating of 3 indicates a neutral attitude.

Question # 6

Define personal experiences attitude?

Answer:-

Personal experience can bring a drastic change in our attitude. Here is a real-life example. A driver in the army went through a personal experience that transformed his life. On one mission, he narrowly escaped death although all his companions got killed. He gave up his job in the army and worked actively as a community leader. Through a purely personal experience the individual evolved a strong positive attitude towards community enlistment.
