Question # 2

How do personal accounts affect on you life?

Answer:-

In every case, the personal account is highly subjective, which is the basis of both its value and limitation. Personal accounts will not always be chronological, they are more likely to jump around, as our minds do, reflecting images of a certain experience from a variety of perspectives, even within one person's own recollections. An eyewitness account of an event or time and place is invaluable, but it is also limited to one point of view.

Question # 3

What does a personal account reveal?

Answer:-

A personal account reveals only what an individual wishes to reveal and usually presents just one side of any story. Any personal account is but one of many stories that could be told about an individual, yet it is an important one that allows us access to a range of voices and perspectives.

Question # 4

Tell me what is a checking account?

Answer:-

A checking account offers easy access to your money for your daily transactional needs and helps keep your cash secure. Customers can use a debit card or checks to make purchases or pay bills. Accounts may have different options or packages to help waive certain monthly service fees. To determine the most economical choice, compare the benefits of different checking packages with the services you actually need.

Question # 5

Do you know what is saving account?

Answer:-

A savings account allows you to accumulate interest on funds you have saved for future needs. Interest rates can be compounded on a daily, weekly, monthly or annual basis. Savings accounts vary by monthly service fees, interest rates, method used to calculate interest and minimum opening deposit. Understanding the account's terms and benefits will allow for a more informed decision on the account best suited for your needs.

Question # 6

Please tell me what is certificate of deposit?

Answer:-

Certificates of deposit allow you to invest your money at a set interest rate for a pre-set period of time. Certificates of deposit often have higher interest rates than traditional savings accounts because the money you deposit is tied up for the life of the certificate which can range from a few months to several years. Be sure you do not need to draw on those funds before you open a certificate deposit, as early withdrawals may have financial penalties.

Personal Accounts Interview Questions And Answers

Question # 7

Can you tell me what is money market account?

Answer:-

Money market accounts are similar to savings accounts but they require you to maintain a higher balance to avoid a monthly fee. Where savings accounts usually have a fixed interest rate, these accounts have rates that vary regularly based on money markets. Money market accounts can have tiered interest rates, providing more favorable rates based on higher balances. Some money market accounts also allow you to write checks against your funds but on a more limited basis.

Question # 8

What is interest-bearing checking account?

Answer:-

In contrast to "no frills" accounts, these offer a more comprehensive set of services but usually at a higher cost. Also, unlike a basic checking account, you are usually able to write an unlimited number of checks. Checking accounts which pay interest are sometimes referred to as negotiable order of withdrawal accounts. The interest rate often depends on how large the balance in the account is and most charge a monthly service fee if your balance falls below a preset level.

Question # 9

Tell me what are individual retirement accounts?

Answer:-

Individual retirement accounts allow you to save independently for your retirement. These plans are useful if your employer does not offer retirement benefits or you want to save more than your employer-sponsored plan allows. These accounts come in two types: the traditional individual retirement accounts and Roth IRA. The Roth individual retirement accounts is popular because the funds can be withdrawn tax-free in many situations. Others prefer traditional individual retirement accounts because these contributions are tax-deductible. Both accounts have contribution limits and other requirements you may need to discuss with your tax advisor before choosing your account.

Question # 10

What can the personal accounts focus on?

Answer:-

Personal accounts can focus on particular events or may cover a life more completely. They sometimes involve recollections focused on extraordinary events such as participation in wars or catastrophic events or explanations of unusual experiences. More recently, historians have begun to note everyday experiences as a measure of social order, so personal accounts can provide information on a particular "slice of life," explaining the circumstances of coming of age experiences or the way of life in a specific region. Personal accounts have also been an integral part of oral history studies in regions that lack a legacy of written history. Many recent African histories rely on personal accounts to trace family and community connections.

Question # 11

How do personal accounts have impact on your life?

Answer:-

All personal accounts imply motivation on the part of the subject. A written document implies a certain level of literacy and an attitude of self-reflection. Orally recorded accounts require a vehicle of transmission, perhaps a scholar who records interviews with an individual. Sometimes oral interviews are recorded among family members or among people who share a particular cultural value, such as Appalachian mountain musicians. Sometimes an individual makes his or her own recordings or videotaped personal accounts.

Question # 24

Explain how does the payment mechanism work?

Answer:-

The open items of an account can only be cleared once you post an identical offsetting amount to the account. In other words, the balance of the items assigned to each other must equal zero. During clearing, the system enters a clearing document number and the clearing date in these items. In this way, invoices in a vendor account are indicated as paid, and items in a bank clearing account are indicated as cleared.

You generally use the payment program to clear invoices. Manual clearing of open items is therefore not usually necessary. However, you will sometimes have to clear items manually if, for example, you receive a refund from your vendor or you have set up a direct debit procedure.
