Question # 2

Top 11 Questions to Verify Experience and Credentials As Technician Computer Network:

Answer:-

Sometimes people want a job a little too bad - and they may fudge their credentials and experience a bit.

If you've run into this problem, are worried about it, or have credentials and experience that are absolutely essential, you may need to ask a few verification questions. If you are a candidate, you should review your resume and make sure you know all the key points, and that nothing has been misconstrued.

1. What grades did you get in college?
2. What were your responsibilities when you worked in job x?
3. How many people were on your team at your last job?
4. What will your previous manager/supervisor say when I ask where you needed to improve?
5. What was your beginning and ending salary at job x?
6. What were your beginning and ending titles at job x?
7. Are you eligible for rehire at job x?
8. What tools are necessary for performing job x?
9. Describe to me how you would perform [x typical job task].
10. What was the focus of your thesis?
11. When did you leave company x?

Question # 4

What type of people do you not work well with?

Answer:-

Be very careful answering this question as most organization employ professionals with an array of personalities and characteristics. You don't want to give the impression that you're going to have problems working with anyone currently employed at the organization. If you through out anything trivial you're going to look like a whiner. Only disloyalty to the organization or lawbreaking should be on your list of personal characteristics of people you can't work with.

Technician Computer Network Interview Questions And Answers

[Read More Answers.](#)

Question # 5

Tell me about a time when you successfully handled a situation?

Answer:-

For this question, the interviewer wants to know what you do in a situation that doesn't have a clear answer. This will help the interviewer know how you respond to unforeseen challenges.

[Read More Answers.](#)

Question # 6

Can you describe your ideal boss/supervisor?

Answer:-

During the interview As Technician Computer Network process employers will want to find out how you respond to supervision. They want to know whether you have any problems with authority, If you can work well as part of a group (see previous question) and if you take instructions well etc.

Never ever ever, criticize a past supervisor or boss. This is a red flag for airlines and your prospective employer will likely assume you are a difficult employee, unable to work in a team or take instruction and side with your former employer.

[Read More Answers.](#)

Question # 7

What relevant work experience do you have in this career field As Technician Computer Network?

Answer:-

Talk about specific work related experience for the position you're interviewing for. Make sure the experience is relevant. Don't talk about previous experience that is not related to the position in question. If you don't have specific career related experience speak about prior experience that has helped you develop the specific knowledge and skills required for the position you are applying for.

[Read More Answers.](#)

Question # 8

Why do you want to leave your current company As Technician Computer Network?

Answer:-

Bad Answer: Complaining about or blaming their former job, boss or colleagues. Also, having no good reason.

Good answer: One that focuses on the positives about why the job they're applying for offers them better learning or career opportunities, chances for advancement, aligns more closely to their long term goals, or is a better fit for them.

[Read More Answers.](#)

Question # 9

Do you consider yourself successful?

Answer:-

You should always answer yes to this question. Briefly explain why without going on and on. If you communicate that you're more successful than you really are you may come off as arrogant or unrealistic. A goof explanation is that you have set professional goals and that you have met some of these goals and are on track to meet more in the near future.

[Read More Answers.](#)

Question # 10

Do you have any blind spots?

Answer:-

This question is often meant to trick candidates since acknowledgment of blind spots would indicate they were aware of them. Also, do not disclose bad habits or other personal concerns. Let the interviewer find out about your personal flaws through the course of the interview without directly stating these flaws.

[Read More Answers.](#)

Question # 11

How do you evaluate success As Technician Computer Network?

Answer:-

I evaluate success As Technician Computer Network in different ways. At work, it is meeting the goals set by my supervisors and my fellow workers. It is my understanding, from talking to other employees, that the Global Guideline company is recognized for not only rewarding success but giving employees opportunity to grow as well.

[Read More Answers.](#)

Question # 12

Why did you leave your last job As Technician Computer Network?

Answer:-

Regardless of why you left your last job make sure to stay positive. Always smile and focus on the positive reason such you were seeking the opportunity to expand your career opportunities, your interest in working with a new firm that provided greater opportunity, you desired to work in a new location, etc. Don't reference previous job problems or differences with management that caused you to leave. If you stay positive, your answer may help you. If you're negative, you will likely decrease your chances of getting the job for which you're interviewing.

[Read More Answers.](#)

Question # 13

How long do you want to work for us if we hire you?

Answer:-

Here being specific is probably not the best approach. You may consider responding, "I hope a very long time." Or "As long as we're both happy with my performance."

[Read More Answers.](#)

Question # 14

Why are you leaving last job?

Answer:-

Although this would seem like a simple question, it can easily become tricky. You shouldn't mention salary being a factor at this point As Technician Computer Network. If you're currently employed, your response can focus on developing and expanding your career and even yourself. If you're current employer is downsizing, remain positive and brief. If your employer fired you, prepare a solid reason. Under no circumstance should you discuss any drama or negativity, always remain positive.

[Read More Answers.](#)

Question # 15

If you had enough money to retire would you?

Answer:-

Just be honest. If you would retire then say so. But since you can't retire, and the interviewer already knows this, simply answer that since you can't this is type of work you prefer doing. However, if you wouldn't retire if you had the money then explain why. Work is an important element of happiness for most people and many won't retire even when they can.

Question # 19

Top 13 Situational Interview Questions As Technician Computer Network:

Answer:-

Situational interviews As Technician Computer Network are similar to behavioral interview questions - but they are focused on the future, and ask hypothetical questions, whereas behavioral interview questions look at the past.

The advantage is that employers can put all candidates in the same hypothetical situations, and compare their answers.

1. What would you do if you made a strong recommendation in a meeting, but your colleagues decided against it?
2. How you would handle it if your team resisted a new idea or policy you introduced?
3. How would you handle it if the priorities for a project you were working on were suddenly changed?
4. What would you do if the work of an employee you managed didn't meet expectations?
5. What would you do if an important task was not up to standard, but the deadline to complete it had passed?
6. What steps would you take to make an important decision on the job As Technician Computer Network?
7. How would you handle a colleague you were unable to form a positive relationship with?
8. What would you do if you disagreed with the way a manager wanted you to handle a problem?
9. What would you do if you were assigned to work with a difficult client As Technician Computer Network?
10. What would you do if you worked hard on a solution to a problem, and your solution was criticized by your team?
11. How would you handle working closely with a colleague who was very different from you?
12. You're working on a key project that you can't complete, because you're waiting on work from a colleague. What do you do?
13. You realize that an early mistake in a project is going to put you behind deadline. What do you do?

I would define team work as getting the job done As Technician Computer Network whether that means if I have to do more then the guy next to me as long as the work gets finished.

[Read More Answers.](#)

Question # 25

What's a time you disagreed with a decision that was made at work?

Answer:-

Everyone disagrees with the boss from time to time, but in asking this interview question As Technician Computer Network, hiring managers want to know that you can do so in a productive, professional way. "You don't want to tell the story about the time when you disagreed but your boss was being a jerk and you just gave in to keep the peace. And you don't want to tell the one where you realized you were wrong,". Tell the one where your actions made a positive difference on the outcome of the situation, whether it was a work-related outcome or a more effective and productive working relationship.

[Read More Answers.](#)

Question # 26

What is your greatest failure As Technician Computer Network, and what did you learn from it?

Answer:-

When I was in college, I took an art class to supplement my curriculum. I didn't take it very seriously, and assumed that, compared to my Engineering classes, it would be a walk in the park. My failing grades at midterm showed me otherwise. I'd even jeopardized my scholarship status. I knew I had to get my act together. I spent the rest of the semester making up for it, ended up getting a decent grade in the class. I learned that no matter what I'm doing, I should strive to do it to the best of my ability. Otherwise, it's not worth doing at all.

[Read More Answers.](#)

Question # 27

What challenges are you looking for in this position?

Answer:-

A typical interview question to determine what you are looking for your in next job, and whether you would be a good fit for the position being hired for, is "What challenges are you looking for in a position As Technician Computer Network?" The best way to answer questions about the challenges you are seeking is to discuss how you would like to be able to effectively utilize your skills and experience if you were hired for the job. You can also mention that you are motivated by challenges, have the ability to effectively meet challenges, and have the flexibility and skills necessary to handle a challenging job. You can continue by describing specific examples of challenges you have met and goals you have achieved in the past.

[Read More Answers.](#)

Question # 28

Are You a 'People' Person?

Answer:-

Although it may be phrased a little differently, the gist of this question is clear:

Do you like being around people? If you don't, being a medical assistant isn't a good fit for you. After all, you'll be working directly with patients throughout the day. It helps a lot if you sincerely like interacting with them. While answering this question, make sure to mention that you like helping people too. This will drive home the point that you are a talented medical assistant and would be a valuable part of the team As Technician Computer Network.

[Read More Answers.](#)

Question # 29

If you were an animal, which one would you want to be?

Answer:-

Seemingly random personality-test type questions like these come up in interviews generally because hiring managers want to see how you can think on your feet. There's no wrong answer here, but you'll immediately gain bonus points if your answer helps you share your strengths or personality or connect with the hiring manager. Pro tip: Come up with a stalling tactic to buy yourself some thinking time, such as saying, "Now, that is a great question. I think I would have to say..."

[Read More Answers.](#)

Question # 30

How would your former employer describe you?

Answer:-

In all likelihood, the interviewer will actually speak with your former employer so honesty is key. Answer as confidently and positively as possible and list all of the positive things your past employer would recognize about you. Do not make the mistake of simply saying you are responsible, organized, and dependable. Instead, include traits that are directly related to your work as a medical assistant, such as the ability to handle stressful situations and difficult patients, the way you kept meticulous records, and more.

[Read More Answers.](#)

Question # 31

What do you consider to be your weaknesses?

Answer:-

What your interviewer is really trying to do with this question-beyond identifying any major red flags-is to gauge your self-awareness and honesty. So, "I can't meet a deadline to save my life As Technician Computer Network" is not an option-but neither is "Nothing! I'm perfect!" Strike a balance by thinking of something that you struggle with but that you're working to improve. For example, maybe you've never been strong at public speaking, but you've recently volunteered to run meetings to help you be more comfortable when addressing a crowd.

[Read More Answers.](#)

Question # 32

Did the salary we offer attract you to this job?

Answer:-

The interviewer could be asking you this question for a number of reasons. Obviously, the salary is an important factor to your interest in this job, but it should not be the overriding reason for your interest. A good answer to this question is, "The salary was very attractive, but the job itself is what was most attractive to me."

[Read More Answers.](#)

Question # 33

What motivates you to succeed?

Answer:-

Your interviewer will likely want to know the reasons why you will remain motivated to do your best during your employment with the company As Technician Computer Network. Perhaps you are interested in being challenged, but you may also have interest in being recognized for your hard work in the form of the number of sales you can attain. A great example answer for this question is "I always do my best in everything, including my job. I take pride in my success, and I also want the company for which I work to be successful. Being affiliated with a company that is known for its excellence is very important to me."

[Read More Answers.](#)

Question # 34

Why were you fired?

Answer:-

OK, if you get the admittedly much tougher follow-up question as to why you were let go (and the truth isn't exactly pretty), your best bet is to be honest (the job-seeking world is small, after all). But it doesn't have to be a deal-breaker. Share how you've grown and how you approach your job and life now as a result. If you can position the learning experience as an advantage for this next job, even better.

[Read More Answers.](#)

Question # 35

How do you handle conflicts with people you supervise?

Answer:-

Technician Computer Network Interview Questions And Answers

At first place, you try to avoid conflicts if you can. But once it happens and there's no way to avoid it, you try to understand the point of view of the other person and find the solution good for everyone. But you always keep the authority of your position.

Answer:-

You're looking for someone who enjoys working with the elderly, or a caring, sociable, and nurturing person.

[Read More Answers.](#)

Question # 37

Why do you feel you will excel at this job?

Answer:-

This question presents an excellent opportunity for you to discuss your education, qualifications and personal traits. You might say something like "I studied property management as well as behavior during my college years and I have two years' experience in real estate.

I can gauge the homes or apartments in which clients will be interested based solely upon the needs of their families. Finally, my organizational skills will allow me to schedule appointments or showings confidently and arrive for them punctually." This shows your interviewer that you have all of the skills necessary to become successful not only for yourself, but also for your employer.

[Read More Answers.](#)

Question # 38

What was the most difficult employee situation you found yourself As Technician Computer Network? How did you overcome the problem?

Answer:-

One of employees was conflicting with other and colleague who was prove his was wrong hi denied and was invite union to defend him but we have prove his wrong and I was facing disciplinary action.

[Read More Answers.](#)

Question # 39

How do you imagine a typical day of an employee in our company As Technician Computer Network?

Answer:-

Just do not say that you imagine to only walk and watch what people do. Rather try to show them your attention to details and proactive attitude to job. Mention that you would try to observe the problems, weaknesses as well as opportunities to improve the results and take measures according to it.

[Read More Answers.](#)

Question # 40

Why do you want to join our company?

Answer:-

This is a question that is aimed at finding out whether you know enough about the company and the basic market. The best way to answer this question is to do some research on the company and highlight its positive points.

[Read More Answers.](#)

Question # 41

Tell me something about your family background?

Answer:-

First, always feel proud while discussing about your family background. Just simple share the details with the things that how they influenced you to work in an airline field.

[Read More Answers.](#)

Question # 42

What kind of salary do you need As Technician Computer Network?

Answer:-

This is a loaded question and a nasty little game that you will probably lose if you answer first. So, do not answer it. Instead, say something like, that's a tough question. Can you tell me the range for this position? In most cases, the interviewer, taken off guard, will tell you. If not, say that it can depend on the details of the job. Then give a wide range.

[Read More Answers.](#)

Question # 43

What would your first 30, 60, or 90 days look like in this role As Technician Computer Network?

Answer:-

Start by explaining what you'd need to do to get ramped up. What information would you need? What parts of the company would you need to familiarize yourself with? What other employees would you want to sit down with? Next, choose a couple of areas where you think you can make meaningful contributions right away. (e.g., "I think a great starter project would be diving into your email marketing campaigns and setting up a tracking system for them.") Sure, if you get the job, you (or your new employer) might decide there's a better starting place, but having an answer prepared will show the interviewer where you can add immediate impact-and that you're excited to get started.

Technician Computer Network Interview Questions And Answers

[Read More Answers.](#)

Question # 44

How do you evaluate your ability to handle conflict?

Answer:-

I pride myself on being a good problem solver. Through my previous job and management positions I have faced numerous conflicts in different situations, and my experiences have helped me to hone my issue resolution skills. I believe that it is important to get to and address the root of the issue, in a respectable manner.

[Read More Answers.](#)

Question # 45

What are your salary expectations As Technician Computer Network?

Answer:-

This question is like a loaded gun, tricky and dangerous if you're not sure what you are doing. It's not uncommon for people to end up talking salary before really selling their skills, but knowledge is power as this is a negotiation after all. Again, this is an area where doing your research will be helpful as you will have an understanding of average salary.

One approach is asking the interviewer about the salary range, but to avoid the question entirely, you can respond that money isn't a key factor and you're goal is to advance in your career. However, if you have a minimum figure in mind and you believe you're able to get it, you may find it worth trying.

[Read More Answers.](#)

Question # 46

How do you think I rate as an interviewer?

Answer:-

I think you did fine. I'm sure you've conducted a lot of interviews, and it's probably second nature for you now. Thanks for taking the time to meet with me today. I'm sure you have a lot of things you have to juggle every day.

I'd say you rate at least ten out of ten. The questions you asked seemed spot on. I can tell you guys are working hard to find the perfect applicant for the job. I'm glad I could meet with you.

[Read More Answers.](#)

Question # 47

What is your desired salary As Technician Computer Network?

Answer:-

Bad Answer: Candidates who are unable to answer the question, or give an answer that is far above market. Shows that they have not done research on the market rate, or have unreasonable expectations.

Good answer: A number or range that falls within the market rate and matches their level of mastery of skills required to do the job.

[Read More Answers.](#)

Question # 48

What do you think we could do better or differently?

Answer:-

This is a common one at startups. Hiring managers want to know that you not only have some background on the company, but that you're able to think critically about it and come to the table with new ideas. So, come with new ideas! What new features would you love to see? How could the company increase conversions? How could customer service be improved? You don't need to have the company's four-year strategy figured out, but do share your thoughts, and more importantly, show how your interests and expertise would lend themselves to the job.

[Read More Answers.](#)

Answer:-

Quality work to be is about doing work to the require or set standard, which is very important when it comes to warehouse operations.

[Read More Answers.](#)

Question # 55

What are three positive things your last boss would say about you?

Answer:-

It's time to pull out your old performance appraisals and boss's quotes. This is a great way to brag about yourself through someone else's words: "My boss has told me that I am the best designer he has ever had. He knows he can rely on me, and he likes my sense of humor."

[Read More Answers.](#)

Question # 56

What problems have you encountered at work?

Answer:-

Wow, do we have problems! Where do I begin? Well, most of the problems are internal, just people not working well with each other. I have one person on our team who is a real problem, but it seems like management is afraid to do anything about it. So we all end up having to do extra work to cover for this person, who just doesn't work. We all say that he's retired in place. I think he's just holding on until retirement in a couple years. But he's a real problem. I complain about it--a lot--but nothing ever seems to get done. I've even written negative reviews about the person, hoping he will get canned, but it doesn't happen. I can't wait for him to retire.

[Read More Answers.](#)

Question # 57

Do you think you have enough experience As Technician Computer Network?

Answer:-

If you do not have the experience they need, you need to show the employer that you have the skills, qualities and knowledge that will make you equal to people with experience but not necessary the skills. It is also good to add how quick you can pick up the routine of a new job role.

[Read More Answers.](#)

Question # 58

How would your friends describe you?

Answer:-

My friends would probably say that I'm extremely persistent - I've never been afraid to keep going back until I get what I want. When I worked as a program developer, recruiting keynote speakers for a major tech conference, I got one rejection after another - this was just the nature of the job. But I really wanted the big players - so I wouldn't take no for an answer. I kept going back to them every time there was a new company on board, or some new value proposition. Eventually, many of them actually said "yes" - the program turned out to be so great that we doubled our attendees from the year before. A lot of people might have given up after the first rejection, but it's just not in my nature. If I know something is possible, I have to keep trying until I get it.

[Read More Answers.](#)

Question # 59

Do you like to start personal relationships with other employees?

Answer:-

Well, the right answer is yes and no. Good personal relations can improve the overall performance of a team. But on the other hand, you should not let your emotions to affect your decisions in work.

[Read More Answers.](#)
