SAP would definetly help you. But to give you more clear guidance let me knaw what branch of MBA you are doing.

Training Advice Interview Questions And Answers

Question # 8

May i know the name of the companies which provide training for 6th sem of MCA?

Answer:-

There are no specific companies fo giving training alone. You have to approach the companies and if they have some short term project which requires staff for temporary assignments they would give it for students for doing their project or training work.

Question # 9

I am a fresher. I want to do career in software which will be used in agriculture. So what are the courses available and location and how can I update myself?

Answer:-

I am an Engineering Student. I can just guide you to learn by Youself. I think Training Institutes are all there for a bussiness rather than Providing the Placements. Learn one or two Courses which you feel that will help you in your Career like Oracle,Java etc.

Question # 10

I have 1+years exp in oracle and java. as i am interested in oracle i am willing to learn data warehousing or DBA, give me a suggestion which one is better and which has more opportunities?

Answer:-

If you want to have a full time career in testing area try to learn some more testing tools by attending some courses.

Question # 11

How to learn basics of qa testing in a structured way, and is there any specific way to ask companys to bring me in and train me. I am new to qa and want to learn more.I am self taught only, no formal education. Is it possible to learn like this and do u have any suggestions as to how to ask companys to train or hire me to learn?

Answer:-

You can do certification in QA which would add to your career value as well as help you in gaining knowledge in this area.Some companies even conduct or sponser employees for getting certification in the same.

Question # 12

Hello i have two year of experience in testing i want to increase my knowledge in qa can anybody suggest me any books, link for that?

Answer:-

If you want to get into a career of Quality Assurance I would suggest you to do certification courses on the same and get certified and once you are into job you can learn a lot in real time work experience.

Question # 13

Hi i want to learn UNIX can u suggest me how i can learn quickly?

Answer:-

YOu can learn UNIX quickly only the concepts.I woudl suggest take some online UNIX manual help or some good books on UNIX and try practising on UNIX system. This would help you to learn quickly and efficiently.

Question # 14

Which is the best institute in Hyderabad for abap. Please tell me the prerequisites to learn abap?

Answer:-

If U are familiar with programming in any of the programming languages it will be sufficien for u to follow ABAP otherwise also its not that tough to learn if u put sincere effort

Question # 15

What is the future scope for AS/400 testing? Can I go for this course?

Answer:-

There are quite a few openings for AS/400 testing. You could take this course.All the Best

Question # 16

I will be starting my career in Oracle 9i & D2k shortly (undergoing training). Will it be good for me to learn Oracle Apps without any experience in Oracle 9i?

Answer:-

There is no written law which says that you need to be expert in Oracle 9i to learn Oracle Apps.

Oracle 9i is about PLSQL. You CAN learn it all by youself.
Being aware of Oracle 9i, i.e., about PLSQL will certainly be an added advantage to your career.
Obviously, When it comes to learning, there is no such thing as Good or Bad.
Whatever you learn is for your own good.
Learning Oracle 9i will act as a catalyst and boost your career.

Question # 20

I am a 33years old. I am MCA and currently working with Govt. sector at Bhopal. My husband has joined an MNC at Noida. Now I also want to switch over to software. But am currently not in touch with prevalent software. I have worked with Foxpro for windows so far as platform. You are requested to suggest what should I learn to get jobs at noida/ Delhi and what are good training centers at Delhi?

Answer:-

U have completed M.C.A and if u r really interesting to join software firm so just learn oracle 11i apps training in any institute from Delhi or Noida.U can easily get good job becs u just learn functional implementation part .In oracle apps my point of view just learn CRM (Customer Relationship Management) or SCM (Supply Chain Management).

Question # 21

What should I learn SAP Abap NetWeaver or Microsoft Dynamics?

Answer:-

as an ERP consultant I ve worked with the two scripting languages and I can say that Microsoft Dynamics (c/Side) is very poor comparing to ABAP
Dynamics is focusing on small organizations whereas SAP target big ones
So if you that depends on your motivation and the way you plan your career

Question # 22

What are the best C DAC centers for DAC course?

Answer:-

I did some research and i did find that sunbeam and IET pune are good C DAC centers for DAC course, but may not be best. IACSD, Pune seems to at par to sunbeam, pune.
What i found that ACTS, Pune is still the best. Also, MET mumbai, VITA mumbai and YCP mumbai also seems very good institute.
I was surprised not to find so many good words for ACTS, bangalore and ACTS, hyderabad. I am not sure if this is just lack of information or they really not so good.
ACTS trivendram suppose to be good for Mainframe course but again, they are not so well in DAC course.

Question # 26

Hi I am in 8th semester of computer engineering. with 69 aggregate till 7th sem. i want to do job with the best effort. please suggest me. right now i m doing project training as 8th sem. in IITB?

Answer:-

With IITB tag and due to increasing demand in the industry you must be already having offers in hand from the companies visited your campus. When it comes to choosing the company , I feel you should opt better company rather than package. Which I feel will definitely work for you in future.
 If you do not have an offer on hand take it from you will get it sooner.
I personally feel that taking up a job in 8th sem may affect your studies
