Wafer Substrate Tester Job Interview Preparation Guide.

Question # 1

If the company you worked for was doing something unethical or illegal, what would you do?

Answer:-

Report it to the leaders within the company. True leaders understand business ethics are important to the company's longevity

[Read More Answers.](#)

Question # 2

What is your biggest weakness Regarding Wafer Substrate Tester?

Answer:-

No one likes to answer this question because it requires a very delicate balance. You simply can't lie and say you don't have one; you can't trick the interviewer by offering up a personal weakness Regarding Wafer Substrate Tester that is really a strength ("Sometimes, I work too much and don't maintain a work-life balance."); and you shouldn't be so honest that you throw yourself under the bus ("I'm not a morning person so I'm working on getting to the office on time.")

[Read More Answers.](#)

Question # 3

What have you done to improve yourself in the last year Regarding Wafer Substrate Tester?

Answer:-

Discuss how you've improved yourself through work experiences, books you've read, classes, club(s) / extracurricular activities and describe the process on how it's happened. For example: I've improved my presentation skills tremendously because I've had to do 2 presentations this year for my communications class.

[Read More Answers.](#)

Question # 4

You have a project due in one hour but a more important emergency that affects business needs to be fixed immediately, what do you do?

Answer:-

Focus on the issue that impacts the business most first.

[Read More Answers.](#)

Question # 5

Are you able to relocate if required?

Answer:-

Be completely honest and thoughtful with this one. You don't want to wake up one to find out that you're moving to a new city or state and it may be a major factor in your eligibility for employment. But again, if you don't want to move then the job probably isn't for you.

[Read More Answers.](#)

Question # 6

What's your dream job?

Answer:-

Along similar lines, the interviewer wants to uncover whether this position Regarding Wafer Substrate Tester is really in line with your ultimate career goals. While "an GGL star" might get you a few laughs, a better bet is to talk about your goals and ambitions-and why this job will get you closer to them.

[Read More Answers.](#)

Question # 7

If you have multiple projects on your plate, how do you handle completing them on time?

Answer:-

Prioritize based on business importance. Set clear timelines for each so that you know which ones to knock out first. Get your teammates to help if necessary.

[Read More Answers.](#)

Question # 8

Explain me about a problem or disagreement you had with previous supervisor?

Answer:-

This question is trap. It is meant to see whether or not you'll speak poorly of an employer. No one wants to hire someone who's going to speak poorly of them down the road. Stay upbeat and positive - and most of all don't say anything negative about a previous employer.

[Read More Answers.](#)

Question # 9

What would you do if you won the lottery?

Answer:-

The interviewer is asking this question to find out what your true passion is. Ideally it aligns to the type of work you're interviewing for. If not, tie it back in terms of how it relates to the job, for example, "I believe I'll learn the necessary skills in this job to pursue my passion later on in life."

[Read More Answers.](#)

Question # 10

Can you explain why you changed career paths Regarding Wafer Substrate Tester?

Answer:-

Don't be thrown off by this question-just take a deep breath and explain to the hiring manager why you've made the career decisions Regarding Wafer Substrate Tester you have. More importantly, give a few examples of how your past experience is transferable to the new role. This doesn't have to be a direct connection; in fact, it's often more impressive when a candidate can make seemingly irrelevant experience seem very relevant to the role.

[Read More Answers.](#)

Question # 11

How do you think your colleagues at your last job would describe you?

Answer:-

While your CV will say a lot about your work history Regarding Wafer Substrate Tester, the interviewer will most likely look for greater detail with questions such as this. Be positive about previous experience, highlighting your own strengths.

[Read More Answers.](#)

Question # 12

How do you believe you would benefit our organization?

Answer:-

This is a great question that provides you the opportunity to put your best foot forward, to tell the interviewer why he or she should consider hiring you for the job. Make sure you're well prepared for this question as you won't likely get a second chance to really shine.

[Read More Answers.](#)

Question # 13

What are your thoughts about working from home?

Answer:-

This is a new policy some companies are adopting. If the company you are interviewing for allows for it, then you should be thankful for the flexibility and convenience yet state that working from home is a privilege that you would honor. The key point you want to make is that you would still be able to focus and be just as productive working at home.

[Read More Answers.](#)

Question # 14

How do you rate yourself in computer skills? Please describe the programs and software that you can use well?

Answer:-

Ideally you want to be able to type quickly, have the ability to effectively use Microsoft Office, and more importantly be able to quickly adapt to computer / technology skills. More and more it's become an integral part of work. If the job doesn't require technology skills - then this question shouldn't be asked!

[Read More Answers.](#)

Question # 15

What critical component of this position Regarding Wafer Substrate Tester makes the work challenging?

Answer:-

Heading information: This should include job title, pay grade or range, reporting relationship (by position, not individual), hours or shifts, and the likelihood of overtime or weekend work.

Summary objective of the job: List the general responsibilities and descriptions of key tasks and their purpose, relationships with customers, coworkers, and others, and the results expected of incumbent employees.

Qualifications: State the education, experience, training, and technical skills necessary for entry into this job.

Special demands: This should include any extraordinary conditions applicable to the job Regarding Wafer Substrate Tester (for example, heavy lifting, exposure to temperature extremes, prolonged standing, or travel).

Job duties and responsibilities: Only two features of job responsibility are important: identifying tasks that comprise about 90 to 95 percent of the work done and

Wafer Substrate Tester Interview Questions And Answers

listing tasks in order of the time consumed (or, sometimes, in order of importance).

[Read More Answers.](#)

Question # 16

What have you learned from mistakes on the job?

Answer:-

Candidates without specific examples often do not seem credible. However, the example shared should be fairly inconsequential, unintentional, and a learned lesson should be gleaned from it. Moving ahead without group assistance while assigned to a group project meant to be collaborative is a good example.

[Read More Answers.](#)

Question # 17

Describe what a "lot of work" looks like to you Regarding Wafer Substrate Tester?

Answer:-

Ideally you'd like to state that you can take on a lot of work - this shows your work ethic, but at the same time it's okay to tell them that you value work and life balance.

[Read More Answers.](#)

Question # 18

What role are you ready to take in a group?

Answer:-

Ideally, you want to take on the role you're interviewing for, but you want to be flexible with your responsibilities Regarding Wafer Substrate Tester if there are any changes.

[Read More Answers.](#)

Question # 19

What makes you right for this position?

Answer:-

This question can be tricky because you need to show your worth Regarding Wafer Substrate Tester without sounding cocky or arrogant. Research the business ahead of time and become familiar with its mission and values. Take the time to figure out how your personal qualities fit the needs of the business and use that fit to provide your answer.

[Read More Answers.](#)

Question # 20

Have you ever been caught stealing, or better yet, have you ever stole anything?

Answer:-

I guess everyone takes a pen or paper or little things like that. But other than that, NO. I have never stole from my employers or better yet Regarding Wafer Substrate Tester, from anyone.

[Read More Answers.](#)

Question # 21

What type of salary are you looking for?

Answer:-

This can be a very tricky question as the individual asking it is probably digging for something other than a simple answer to the question. We recommend that you don't immediately respond to the question directly. Instead, say something like, "That a difficult question. What is range for this position?" More often than not the interviewer will tell you. If the interviewer insists on direct answer you may want say that it depends on the details of the job - then give a wide salary range.

[Read More Answers.](#)

Question # 22

Tell me about a decision you made recently and how you reached it Regarding Wafer Substrate Tester?

Answer:-

The key is to show that you put a lot of thought (weighing out the pros and cons) but were able to be decisive. Be sure to explain your logic in arriving at the decision.

[Read More Answers.](#)

Question # 23

Explain what are your strengths Regarding Wafer Substrate Tester?

Answer:-

Bad Answer: Candidate is unprepared for question or only gives generic answers.

This is the most common job interview question - everybody should be expecting it. If they don't seem prepared, or give a fairly stock answer, it's probably a bad sign.

Good answer: The consensus is to go for quality, not quantity here. Candidates should give a short list of strengths, and back each one up with examples that illustrate the strength. Also, they should explain how these strengths will be useful in the job you're applying for, and use this question to say something interesting about themselves.

[Read More Answers.](#)

Question # 24

Explain what are your weaknesses Regarding Wafer Substrate Tester?

Answer:-

Red flags: This is the peanut butter to the previous question's jelly. Again, everyone should expect it, so it's a bad sign if someone seems totally unprepared, or gives a stock answer like, "I'm a perfectionist." Also, of course, candidates crazy enough to blurt out some horrible personality trait should go in the red flagged pile.

Good answer: Candidates should talk about a real weakness they've been working on improving. For instance, they're not good at public speaking, but they've been taking a course to help them improve. Or maybe they feel that they're easily distracted when working online, but have installed software that helps them stay on task. Answers like these show a desire for improvement, self awareness and discipline.

[Read More Answers.](#)

Question # 25

Your client is upset with you for a mistake you made, how do you react?

Answer:-

Acknowledge their pain - empathize with them. Then apologize and offer a solution to fix the mistake.

[Read More Answers.](#)

Question # 26

What do you already know about our company?

Answer:-

Good reputation of a large home grown company that has various departments and product.

[Read More Answers.](#)

Question # 27

What types of books or magazines do you typically read?

Answer:-

Describe both your personal and professional favorites. If you happen to like professional books / magazines that relate to the industry of the company you're applying for - that's definitely worth highlighting.

[Read More Answers.](#)

Question # 28

Would you describe yourself as more analytical or interpersonal?

Answer:-

If you answer either, just make sure you explain why. For example, "I would consider myself to be more analytical because I'm good at examining a data set and then understanding how to interpret it in a business environment." or "I'm more of interpersonal person because I enjoy working and collaborating with my teammates and clients"

[Read More Answers.](#)

Question # 29

Why were you fired?

Answer:-

OK, if you get the admittedly much tougher follow-up question as to why you were let go (and the truth isn't exactly pretty), your best bet is to be honest (the job-seeking world is small, after all). But it doesn't have to be a deal-breaker. Share how you've grown and how you approach your job and life now as a result. If you can position the learning experience as an advantage for this next job, even better.

[Read More Answers.](#)

Question # 30

What are your presentation skills like Regarding Wafer Substrate Tester?

Answer:-

Make sure you share a story that demonstrates your presentation skills in front of many people. If you are really brave, offer to give a snippet of that presentation to the interviewer. This will definitely be different from what most people do.

[Read More Answers.](#)

Question # 31

Do you work well on a team? How would you define teamwork?

Answer:-

I would define team work as getting the job done Regarding Wafer Substrate Tester whether that means if I have to do more then the guy next to me as long as the work gets finished.

[Read More Answers.](#)

Question # 32

How meticulous are you with details?

Answer:-

Being detailed is important for many types of job roles. Typically you want to highlight how you've done that in previous roles. Example: "Being meticulous is

Wafer Substrate Tester Interview Questions And Answers

important to me. In my last job, I had to count the money in the register as a cashier to make sure it matched to the receipts down to the last penny." This was to ensure there wasn't any "wrongdoing" at the company by any of the cashiers and I was always accurate in my reports.

[Read More Answers.](#)

Question # 33

What is your biggest fear?

Answer:-

Don't try to sugarcoat the answer by listing something ambitious as a fear, unless you truly mean it (for example: I fear being a great leader) - Share your real fears but discuss how you would overcome them.

[Read More Answers.](#)

Question # 34

What motivates you to succeed?

Answer:-

Your interviewer will likely want to know the reasons why you will remain motivated to do your best during your employment with the company Regarding Wafer Substrate Tester. Perhaps you are interested in being challenged, but you may also have interest in being recognized for your hard work in the form of the number of sales you can attain. A great example answer for this question is "I always do my best in everything, including my job. I take pride in my success, and I also want the company for which I work to be successful. Being affiliated with a company that is known for its excellence is very important to me."

[Read More Answers.](#)

Question # 35

Do you value recognition or pay more? Why?

Answer:-

Either preference is fine, but just remember you have to be able to explain why. If you say recognition, then back that up by describing how achievement really carries weight with you and how you like to feel valued in the work that you do because it validates that you're helping your teammates / customers and so forth. If you choose money, you can also explain that is important to you as validation and you can highlight how money is important to you because of your goals (financial security, providing for your family, and so forth). The key is to be authentic with your answer. However, if you say you value pay more because you're greedy - know that doesn't align usually to most company's values/vision.

[Read More Answers.](#)

Question # 36

How do you feel about taking on repetitive tasks Regarding Wafer Substrate Tester?

Answer:-

This answer depends on whether or not the job has a lot of repetitive tasks with no variation. If it does, then you would need to be okay with the idea of doing the same task over and over again. If you feel you can offer more than repetitive work, then describe how you would be able to do so.

[Read More Answers.](#)

Question # 37

What is your biggest regret to date and why?

Answer:-

Describe honestly the regretful action / situation you were in but then discuss how you proactively fixed / improved it and how that helped you to improve as a person/worker.

[Read More Answers.](#)

Question # 38

What are ideas or initiatives you've led and what was the outcome?

Answer:-

Describe your most unique ideas and initiatives that had the best results for the company. Make sure you highlight your creativity, your results, your diligence and your ability to execute.

[Read More Answers.](#)

Question # 39

How would you be an asset to us Regarding Wafer Substrate Tester?

Answer:-

Think again about the job specification and the skills needed for this role Regarding Wafer Substrate Tester. Have a paragraph prepared highlighting how you will be able to do the job and what you can bring to the team. It goes without saying that this paragraph should be positive.

[Read More Answers.](#)

Question # 40

Are You a 'People' Person?

Answer:-

Although it may be phrased a little differently, the gist of this question is clear:

Do you like being around people? If you don't, being a medical assistant isn't a good fit for you. After all, you'll be working directly with patients throughout the day. It helps a lot if you sincerely like interacting with them. While answering this question, make sure to mention that you like helping people too. This will drive home

[Wafer Substrate Tester Interview Questions And Answers](#)

the point that you are a talented medical assistant and would be a valuable part of the team Regarding Wafer Substrate Tester.

[Read More Answers.](#)

Question # 41

Have you ever mentored anyone before? If yes, describe the situation?

Answer:-

Describe a time where you've helped someone else. Mentor ships can be informal so as you've helped someone over a period of time that can certainly count. The key is to highlight how you utilized certain skills/attributes like coaching, teaching, patience, communication skills, and so forth to mentor that person.

[Read More Answers.](#)

Question # 42

Did you get on well with your last manager?

Answer:-

A dreaded question for many! When answering this question never give a negative answer. "I did not get on with my manager" or "The management did not run the business well" will show you in a negative light and reduce your chance of a job offer. Answer the question positively, emphasizing that you have been looking for a career progression. Start by telling the interviewer what you gained from your last job Regarding Wafer Substrate Tester

[Read More Answers.](#)

Question # 43

What are your salary requirements Regarding Wafer Substrate Tester?

Answer:-

The #1 rule of answering this question is doing your research on what you should be paid by using site like Global Guideline. You'll likely come up with a range, and we recommend stating the highest number in that range that applies, based on your experience, education, and skills. Then, make sure the hiring manager knows that you're flexible. You're communicating that you know your skills are valuable, but that you want the job and are willing to negotiate.

[Read More Answers.](#)

Question # 44

What negative thing would your last boss say about you?

Answer:-

"He/She wouldn't say anything bad, but he/she may point out I could improve in a certain area, and I've taken steps to become better at those skills"

[Read More Answers.](#)

Question # 45

How have you shown yourself to be a leader?

Answer:-

Think about a time where you've rallied a group of people around a cause / idea / initiative and successfully implemented it. It could be a small or large project but the key is you want to demonstrate how you were able to lead others to work for a common cause.

[Read More Answers.](#)

Question # 46

How long do you envision yourself staying with this company?

Answer:-

Understand that companies invest a lot of money into hiring the right staff. You want to emphasize that you are in it for the long run and you want to develop a career there and that it's not just a "5 month stepping stone" type of a job. You should be thinking how you're going to grow with that company. After all, don't you want to invest your energy and time with a company that is going to continue to be successful and one that will help you grow?

[Read More Answers.](#)

Question # 47

What does success mean to you?

Answer:-

I am punctual, I always have excellent attendance on any job Regarding Wafer Substrate Tester, I have a keen eye for both large and small details, and I am always finding ways to improve a process and shorten the length of time it takes to complete a project.

[Read More Answers.](#)

Question # 48

Describe to me a time where you had to make a hard decision Regarding Wafer Substrate Tester?

Answer:-

Hard decisions are hard for a reason. It could dramatically effect the company. It could affect other workers. So if you have a story about how you made a hard decision and had a good outcome, share that. If you have one where the outcome wasn't great, explain how you would have changed the way you approached the decision to show you learned how to improve.

[Read More Answers.](#)

Question # 49

How do you handle your anger?

Answer:-

I don't get angry very easily but in the rare occasion that I do, I hold it in and act as though nothing is wrong.

[Read More Answers.](#)

Question # 50

Have you ever been fired and if yes, why?

Answer:-

Answer this as positively as possible and try to avoid disparaging the company you had previously worked for. The key is to accept the fact that yes, you were fired, but you've learned from the mistakes that got you there and you're better now because of it. If you haven't been fired, well, then this question's a piece of cake isn't it?

[Read More Answers.](#)

Question # 51

How have you changed in the last five years?

Answer:-

All in a nutshell. But I think I've attained a level of personal comfort in many ways and although I will change even more in the next 5-6 years I'm content with the past 6 and what has come of them.

[Read More Answers.](#)

Question # 52

Give me an example of when you competed hard and won?

Answer:-

You can reference many different areas here when discussing a story of where you won in competition: Work experience (ideal), sports, clubs, classes, projects.

[Read More Answers.](#)

Question # 53

How long will it take for you to make a significant contribution?

Answer:-

First define significant contribution - once you do that - lay out a timeline plan in which you think you can achieve that.

[Read More Answers.](#)

Question # 54

What's the least rewarding work you've ever done and why?

Answer:-

Describe work you've done that you feel doesn't take advantage of your full potential. For example, "I once had to make paper copies for my job and I feel it didn't take full advantage of my skills. However, it did teach me to be humble in my work and to appreciate a good opportunity when it arose to use my skills"

[Read More Answers.](#)

Question # 55

There's no right or wrong answer, but if you could be anywhere in the world right now, where would you be?

Answer:-

Just be honest about where you'd like to be - you never know - you may end up bonding with the interviewer with the location. However, you want to stress that you want to work out of the location that you're interviewing for.

[Read More Answers.](#)

Question # 56

What do you know about the company?

Answer:-

Any candidate can read and regurgitate the company's "About" page. So, when interviewers ask this, they aren't necessarily trying to gauge whether you understand the mission-they want to know whether you care about it. Start with one line that shows you understand the company's goals, using a couple key words and phrases from the website, but then go on to make it personal. Say, "I'm personally drawn to this mission because..." or "I really believe in this approach because..." and share a personal example or two.

[Read More Answers.](#)

Question # 57

What are three positive things your last boss would say about you?

Answer:-

It's time to pull out your old performance appraisals and boss's quotes. This is a great way to brag about yourself through someone else's words: "My boss has told me that I am the best designer he has ever had. He knows he can rely on me, and he likes my sense of humor."

[Read More Answers.](#)

Question # 58

Wafer Substrate Tester Interview Questions And Answers

Describe to me the position Regarding Wafer Substrate Tester you're applying for?

Answer:-

This is a "homework" question, too, but it also gives some clues as to the perspective the person brings to the table. The best preparation you can do is to read the job description and repeat it to yourself in your own words so that you can do this smoothly at the interview.

[Read More Answers.](#)

Question # 59

What features of your previous jobs have you disliked?

Answer:-

It's easy to talk about what you liked about your job in an interview, but you need to be careful when responding to questions about the downsides of your last position. When you're asked at a job interview about what you didn't like about your previous job, try not to be too negative. You don't want the interviewer to think that you'll speak negatively about this job or the company should you eventually decide to move on after they have hired you.

[Read More Answers.](#)

Question # 60

What schedule do you hope to work? Are you willing to work extra hours?

Answer:-

Be honest. If you really want the job and are willing to work any schedule needed, say so. If, however, you have no intention of working late hours or weekends, simply let the interviewer know the hours that you are available to work. The same applies to extra hours. You are more likely to be hired if you are willing to work any time you are needed. However, saying that you are willing and then complaining about the hours once you start working is a recipe for disaster.

[Read More Answers.](#)

Question # 61

Have you got any questions?

Answer:-

This is your final opportunity to persuade the interviewer that you are the right candidate for the job. Now is not the time to ask questions about holidays, pay or pensions - all these things can be asked later when you get an offer of employment. Now is the time to ask about any reservations that the interviewer may have about your suitability for the role. You will then give yourself one last chance to persuade the interviewer that you are the right candidate for the job.

Example Thank you. I think we have covered everything. Before we finish the interview I would like to take the opportunity to ask if you have any reservations about my suitability for this role?

[Read More Answers.](#)

Question # 62

Do you like to start personal relationships with other employees?

Answer:-

Well, the right answer is yes and no. Good personal relations can improve the overall performance of a team. But on the other hand, you should not let your emotions to affect your decisions in work.

[Read More Answers.](#)

Question # 63

How would you motivate your team members to produce the best possible results?

Answer:-

Trying to create competitive atmosphere, trying to motivate the team as a whole, organizing team building activities, building good relationships amongst people.

[Read More Answers.](#)

Question # 64

What do you expect to be earning in 5 years Regarding Wafer Substrate Tester?

Answer:-

Discuss how you expect yourself to be excellent at your job. Thus, it would be reasonable to expect pay that is based on the merit of your work.

[Read More Answers.](#)

Question # 65

How do you evaluate your ability to handle conflict?

Answer:-

I pride myself on being a good problem solver. Through my previous job and management positions I have faced numerous conflicts in different situations, and my experiences have helped me to hone my issue resolution skills. I believe that it is important to get to and address the root of the issue, in a respectable manner.

[Read More Answers.](#)

Question # 66

If I were to give you this salary you requested but let you write your job description for the next year, what would it say?

Answer:-

It should say the same thing - after all - if you think this salary is fair then it should suit the responsibilities!

[Read More Answers.](#)

Question # 67

What do you think we could do better or differently?

Answer:-

This is a common one at startups. Hiring managers want to know that you not only have some background on the company, but that you're able to think critically about it and come to the table with new ideas. So, come with new ideas! What new features would you love to see? How could the company increase conversions? How could customer service be improved? You don't need to have the company's four-year strategy figured out, but do share your thoughts, and more importantly, show how your interests and expertise would lend themselves to the job.

[Read More Answers.](#)

Question # 68

If you had to choose one, would you consider yourself a big-picture person or a detail-oriented person?

Answer:-

Both are important. You need to stress that. However, if you could only choose one, ask yourself Regarding Wafer Substrate Tester - do you like to be "in the weeds" with your work, or do you want to be the one painting the vision?

[Read More Answers.](#)

Question # 69

What would your first 30, 60, or 90 days look like in this role Regarding Wafer Substrate Tester?

Answer:-

Start by explaining what you'd need to do to get ramped up. What information would you need? What parts of the company would you need to familiarize yourself with? What other employees would you want to sit down with? Next, choose a couple of areas where you think you can make meaningful contributions right away. (e.g., "I think a great starter project would be diving into your email marketing campaigns and setting up a tracking system for them.") Sure, if you get the job, you (or your new employer) might decide there's a better starting place, but having an answer prepared will show the interviewer where you can add immediate impact-and that you're excited to get started.

[Read More Answers.](#)

Question # 70

How do you decide what to delegate and to whom?

Answer:-

Identify the strengths of your team members and their availability based on the priorities they have on their plate. From there, invest the tasks upon each member based on where you think you'll get the best return.

[Read More Answers.](#)

Question # 71

What's a time you exercised leadership?

Answer:-

Depending on what's more important for the the role, you'll want to choose an example that showcases your project management skills (spearheading a project from end to end, juggling multiple moving parts) or one that shows your ability to confidently and effectively rally a team. And remember: "The best stories include enough detail to be believable and memorable,". Show how you were a leader in this situation and how it represents your overall leadership experience and potential.

[Read More Answers.](#)

Question # 72

How would you rate your communication and interpersonal skills for this job Regarding Wafer Substrate Tester?

Answer:-

These are important for support workers. But they differ from the communication skills of a CEO or a desktop support technician. Communication must be adapted to the special ways and needs of the clients. Workers must be able to not only understand and help their clients, but must project empathy and be a warm, humane presence in their lives.

[Read More Answers.](#)

Question # 73

What do you look for in terms of culture -- structured or entrepreneurial?

Answer:-

A good answer is to discuss the importance of having both elements in a company Regarding Wafer Substrate Tester. Structure is good to maintain a focus on priorities and making sure people are productive but having an entrepreneurial spirit can help cultivate new ideas that can truly help the company.

[Read More Answers.](#)

Question # 74

How do you keep each member of the team involved and motivated?

Answer:-

Many managers mistakenly think that money is the prime motivator for their employees. However, according to surveys by several different companies, money is consistently ranked five or lower by most employees. So if money is not the best way to motivate your team, what is?

Employees' three most important issues according to employees are:

- * Respect
- * A sense of accomplishment
- * Recognition

[Read More Answers.](#)

Question # 75

Are you aggressive?

Answer:-

If you are, describe it through a story / experience that you had. If you aren't, then explain why you're not. If the job role asks for you to be aggressive/not aggressive and you're the opposite of it, explain how you would develop that characteristic.
